## WOULD MAKE US TROUBLE.

**Sultan of Turkey Said to be Inciting Religious War in Philippines.**

**BY DIRECT WIRE—EXCLUSIVE DISPATCH.**

**SAN FRANCISCO BUREAU OF THE TIMES, Aug. 12.—The Sultan of Turkey has been inciting the Mohammedan residents of the South Philippines and the East Indies to a religious war, according to G. M. Hanson, United States Consul at Sandakan, Borneo, who arrived here with his wife and daughter on the transport Logan from Manila this morning.**

**Special priests have been sent through the Jolo Archipelago and to the East Indies spreading the war doctrine, according to Hanson, but they have met with little success. The Sultan of Borneo is head of the Mohammedan faith in that sector of the world, but has not taken an active part in the propaganda, it is said.**

**MORE TROOPS SENT TO LAREDO.**

**BY A. P. NIGHT WIRE.**

**LAREDO (Tex.), Aug. 12.—According to rumors in this city today, 1900 soldiers have arrived to reinforce the garrison on the American side of the river. A local Carranza paper calls upon its readers to make ready to defend the national honor.**

**One hundred and thirty rifles and 254,000 rounds of ammunition are being held up by the local customs officials. This war material was purchased last April by the Carranza faction.**

**On the Job.**

**WILSON INDORSES APPEAL TO MEXICAN FACTIONS.**

**BY A. P. NIGHT WIRE.**

**WASHINGTON, Aug. 12.—President Wilson, on his return from a tour of the United States, today was reported to have endorsed the appeal to Mexican factions.**

**The Secretary told the President that the situation in Mexico was such that the United States should take a more active part in the discussion of the Mexican problem.**

**Mr. Llorente promptly telegraphed Gen. Villa and was instructed to begin a discussion of peace terms. Mr. Arredondo replied that he would refer the matter to Carranza, whose response today came in the form of instructions to Arredondo not to enter into negotiations with the Villa faction.**

**FOR AN ARMISTICE.**

**Incidentally, Secretary Lansing recently had informed the State Department that he was willing to sign an armistice for three months or longer, during which a peace conference might be held. Mr. Llorente confirmed this information and added that Gen. Felipe Angeles was now in conference with Gen. Villa at Chihuahua.**

**Decision of the Balkan states to join the allies.**

**The determination of the foreign governments to use up home supplies first to help out home producers before using foreign imports.**

**Report of early peace.**

**The low point of foreign exchange, sterling falling to a new low level today.**

**Decision of the Balkan states to join the allies.**

**The determination of the foreign governments to use up home supplies first to help out home producers before using foreign imports.**

## BATTLE IN ALPS PASS WON BY BRAVERY ("30.")

**BY ATLANTIC CABLE AND A. P.**

**ROME, Aug. 12 (via Paris, Aug. 13).—The effectiveness of Italian Alpine troops in repulsing two Austrian attempts to cross the frontier through passes of the Alps at an altitude of 10,000 feet, is praised by the Italian War Office in today's official statement. The announcement says:**

**"In the steel rugged zone of the Furva Valley the enemy, who on the fourth had reconnoitered by patrols which were immediately driven back through the Vico Pass (10,000 feet high) delivered an attack of the 9th, across the Forno Glacier against our troops posted near the hotel of the same name, while another detachment advanced of the 9th, across the Forno Glacier against our troops posted near the hotel of the same name, while another detachment advanced through the Cedevala Pass (11,000 feet) against those of our troops who occupied Capanna Cedevala. The watchfulness of our Alpine troops, who, notwithstanding glaciers and high peaks are incessantly active, succeeded in frustrating this bold double maneuver and the enemy was soon repulsed. He was then counter-attacked and forced to flee.**

**"In Cadore small encounters turning in our favor are reported in the high valleys of Anser and Vindende. In one of these fights we took prisoners forty light infantrymen.**

**"Isolated infantry and artillery actions also took place in Carnia in the valley of Torrent of Fontebano. An Austrian detachment trying to climb the Italian slope was attacked and put to flight.**

**"On the Carso plateau during the day of the 11th no event of special importance transpired. Only small skirmishes are reported."**

**CLUE TO WHITTINGTON ARREST EXPECTED ("30.")**

**AFTER having practically given up hope of capturing Calvin Kelsey ("Dick") Whittington, charged with the murder of Mrs. Frances Harrison, in Southern California, police detectives are working on a clue that may result in his apprehension in or near Los Angeles at an early date.**

**Informing that the fugitive might board the steamer South Coast at the harbor last night and sail for Mexico, the vessel was thoroughly searched before its departure at midnight.**

**While Officer Meahr reported he found no trace of the murderer it is believed possible by the police that he is a stowaway on the steamer and word will be sent to various southern ports to watch for him.**

**Ten days ago the Detective Bureau received a letter from responsible parties in San Francisco stating that Whittington is in Southern California and that there was good reason to believe he would sail for Mexico on the South Coast. He was formerly employed by the W. R. Grace Steamship Company, the owner of the vessel.**

**Detectives Kink and Oaks went to the harbor and made a careful examination of the steamer. Failing to find the fugitive they decided to wait until a few hours before its sailing time and make another investigation. They were detailed on another case last night and the work was turned over to Patrolman Meahr, who reported he carefully scrutinized every one that boarded the steamer and is sure Whittington was not among them.**

**Whittington killed Mrs. Harrison on or about July 9. He is supposed to have choked her to death and then taken diamonds and other jewels valued at more than \$7000.**

**LAST CIVIL WAR OFFICER RETIRES ("30.")**

**BY A. P. NIGHT WIRE.**

**WASHINGTON, Aug. 12.—The last officer on the active list of the United States army who saw service in the Civil war was placed on the retired list today when Col. John L. Clem, quartermaster's department, reached the age of 64 years and wound up his official duties at the War Department where he has been stationed for many years.**

**He retires with the additional rank of brigadier-general in accordance with an act of Congress.**

**Col. Clem is commonly known as "the drummer boy of Chickamauga," because as a lad of ten he ran away from home and attached himself to the Twenty-second Michigan Infantry Regiment and beat the drum in some of the bloodiest battles in which that organization participated, notably at Shiloh and at Chickamauga, where he is credited with having killed a Confederate colonel. He was wounded twice at Atlanta and was made a sergeant for bravery. President Grant appointed him a second lieutenant in the regular army in 1871.**

**BULGARIA MAY ENTER; KING IS RELUCTANT ("30.")**

**BY ATLANTIC CABLE AND DIRECT WIRE—EXCLUSIVE DISPATCH.**

**ATHENS, Aug. 12.—The entry of Bulgaria into the war against Turkey is only a question of time. It is officially confirmed that the attitude of Bulgaria and Serbia is highly favorable to the recent proposition of the Entente powers which agreed to induce Greece and Serbia to cede to Bulgaria the disputed provinces in Macedonia.**

**The leaders of all political parties in Bulgaria and the Cabinet members are urging Bulgaria to accept the Entente powers. King Ferdinand is still opposing the war fearing the ultimate triumph of German arms but he is expected to accept the advice of the Cabinet, bow to the will of the nation and cast his lot with the allies.**

## TEN MILLIONS IN THE MAIL.

**Illinois Youth Gets Fortune, but Keeps on Digging on Railroad.**

**BY DIRECT WIRE—EXCLUSIVE DISPATCH.**

**SPRINGFIELD (Ill.) Aug. 12.—Newton McGrath of Buffalo, Ill., a village fourteen miles from here, today got more in one mail than he would have earned in 26,666 years at his present occupation, a section hand on the Wabash Railroad.**

**McGrath, holding his pick and shovel, today tore open a letter from a New York law firm advising him that he had inherited the \$10,000,000 Mercer estate, in which he is an heir on his mother's side, is about \$10,000,000. He read the letter twice, stuck it into the back pocket of his overalls, spat upon his hands and resumed digging.**

**For years McGrath has been telling incredulous village grocers and storekeepers that some day he would be a millionaire. Nobody believed him.**

**MEN TO ENLIST ("30.")**

**BY A. P. NIGHT WIRE.**

**SAN FRANCISCO, Aug. 12.—"Get out of your swivel chairs, you business men of San Francisco and learn the rudiments of national defense," said Rear Admiral William F. Fullam, United States navy commander of the Annapolis training squadron, today, in an address before the San Francisco Commercial Club in which he exhorted members to enroll in the proposed business and professional men's military camps.**

**"Get out of your automobiles, you bankers and business men, and win four weeks of physical, mental, patriotic satisfaction."**

**"I understand that the Secretary of War," he continued, "has offered the camp of 150 business men until August 20. The number is ridiculous but it is full of meaning. It means that to such a number at least the imperative demands for more adequate national defense are vital. Get out into the open. Let the wind blow through your whiskers, quit talking about preparedness and act."**

**"It is not the navies that make wars," the admiral told his hosts, "but commerce and commercial clubs."**

**LOS ANGELES SECOND.**

**Needs Just 5000 More Inhabitants to Become the Largest City of California—San Diego is Fourth ("30.")**

**BY DIRECT WIRE—EXCLUSIVE DISPATCH.**

**SACRAMENTO, Aug. 12.—According to the fourth report of Controller John Chambers, issued today, Los Angeles needs just 5000 more inhabitants to become the largest city in California.**

**The reports credit San Francisco with a population of 525,000 and Los Angeles with 520,000. According to the figures of last year, Los Angeles will soon pass its rival in population.**

**Los Angeles has grown from 160,000 population, and San Francisco 220,000.**

**San Diego is the only city in Southern California which is showing a disposition to grow without measure. San Diego is now the fourth city in the State, being credited with 87,315 people, and Long Beach has jumped from 12th to 7th place in the last year. It is estimated that the beach town has grown 15,000 in the last year, it now having a population of 41,375.**

**THE STATE as a whole, now contains almost 3,000,000 people according to Chambers, an increase of about 750,000 in the last half decade.**

**Hourly figures of population reports and a lack of reports, the statement contains no comparisons on financial income and expenditures.**

**PULLS GUN ON BOY.**

**Dennis Pentie Has Narrow Escape in an Encounter on the Street With James O'Day ("30.")**

**Dennis Pentie, nineteen years old, had a narrow escape last night when James O'Day, a man of powerful physique started after him with a gun. According to spectators O'Day pointed his gun at the boy and pulled the trigger but the cartridge failed to explode and before he could get the revolver into action Patrolman Hodgins arrived on the scene and arrested him.**

## POPE EXPECTS KAISER TO OFFER OLIVE BRANCH.

**Meeting of Neutral Prelates Called by American Cardinals.**

**Diplomats of Belligerent Powers are Bending Every Effort to Retain the Balkan League to Obtain Additional Allies—Bulgaria Holds the Key to Situation. All Eyes Now on Sofia.**

**BY ATLANTIC CABLE AND A. P.**

**LONDON, Aug. 12 (11:15 p.m.).—A significant order of the day predicting a resumption by the Germans of a vigorous offensive in the west has been issued to the Teutonic armies in Flanders, according to the Amsterdam Telegraf. An extract from this order, telegraphed by the Amsterdam correspondent of the Exchange Telegraph Company, follows:**

**"Our work now is practically finished in the east and we are about to begin in the west. Peace is certain in October."**

**BERLIN, Aug. 12 (via London, Aug. 13, 2:03 a.m.).—The report that Germany made peace proposals to Petrograd last week through the King of Denmark is denied by the Nord Deutsche Allgemeine Zeitung, which says:**

**"The German government would not reject reasonable peace proposals, if such should be laid before it, but the time to make peace proposals on its part will come only when hostile governments show themselves ready to recognize the failure of their military undertakings against us."**

**PEACE OUTLOOK IS IMPROVING.**

**BY ATLANTIC CABLE AND DIRECT WIRE—EXCLUSIVE DISPATCH.**

**ROME, Aug. 12.—Prospects of peace, which until a fortnight ago were considered remote in well-informed Vatican circles, are now unexpectedly improved. The impression prevails in the Papal curia that the olive branch is to be offered by Germany, which, unvanquished and still sufficiently powerful to continue the war, is able to take the initiative in a peace movement without assuming the role of suppliant.**

**A member of the Papal household, who wishes his name withheld, though it may be said that it is not Mgr. Gerlach, the only German Papal chamberlain now at the Vatican—asserts that according to indirect information available a day or two ago, Germany expects to propose acceptable terms of peace to the allies.**

**These terms, he said, would include complete liberty and independence for all nations. If the terms are accepted by the allies, peace will follow as a matter of course, but possibly the main difficulty consists of the lack of sufficient guarantees by the powers to abide by the conditions, since the war unfortunately has increased the distrust among the nations.**

**It is thought, however, that this difficulty might be overcome by dictating the requisite formula, since the Pope is determined to use his utmost influence in striving for peace when the outlook is hopeful.**

**Possibly Germany's terms will be modified in the course of the negotiations, but once these are opened they are deemed likely to lead to practical results because, as my informant added, all the belligerents dread a second winter campaign and even if the war ends in a draw with nobody either victorious or defeated, all will be willing to sheath the sword. The Pope is reported to be optimistic and is doubling his efforts in the hope that peace may be obtained by Christmas.**

**NEUTRAL PRELATES IN PEACE MOVE.**

**BY ATLANTIC CABLE AND DIRECT WIRE—EXCLUSIVE DISPATCH.**

**LONDON, Aug. 12.—The Morning Post gives prominence to a notice circulated in the Italian press by a news agency which generally is well informed on Vatican affairs to the effect that Cardinals Gibbons and O'Connell of Baltimore and Boston, respectively, have called a meeting of neutral cardinals and bishops to be held in the course of a few weeks in Switzerland for the purpose of discussing some concrete proposal for arranging terms of peace between the belligerent nations.**

**It would appear that these cardinals have invited the Roman Catholic authorities of the neutral countries to take part.**

**HOUSEWOMAN Discovers Burglar in His Home, Misses His Man and the Mercantile Escapes ("30.")**

**When Clarence Moore, of No. 564 Gladys avenue, discovered a burglar in his home early this morning, he threatened to shoot the intruder. The burglar laughed in his face and dared the housewife to fire. Backing out into the street, with Moore following, the burglar ran as he gained the sidewalk. All too late Moore fired, missing him. The intruder was discovered before he had a chance to take anything.**

**ARMENIAN EXIT  
TO BALK TURKS.**

Russians Unable to Protect Them from Kurds.

Caucasian Military Operations Victory for Slavs.

Germans may Cut Their Way into Constantinople.

PETROGRAD, Aug. 12 (4:30 a.m. via London).—An explanation of the removal of the wholesale exodus of Armenians from their country into Trans-Caucasia is found in an account of military operations on the Caucasus front since July 22.

After the Russians penetrated to Mush (83 miles south of Erzerum) and Pilsan, Halil Bey, commander of the Turkish forces in the Caucasus, reorganized his army, bringing its strength up to 90,000, including six divisions of infantry, one of cavalry and a large body of Kurds. Gen. Fudenchik, the Russian commander, thus faced the alternatives of hurriedly attempting to concentrate his forces in the face of a strong Turkish army or to retreat and thus expose a large Armenian population to Turkish and Kurdish revenge.

The Russian main army withdrew along the right bank of the Euphrates, the Turks occupying the left bank held in part by rear guard actions. On August 1 Halil Bey overtook a considerable body of Russians at Panatzen on the left bank of the Euphrates 13 miles southwest of Kara Killisa. A line was drawn from the northwest to the southwest from Darab, six miles north of Kara Killisa to Djamachato, six miles southwest of the important Akhtunski pass, covering the roads to Erzerum.

In opposing this front the Turks exposed their communications, now 150 miles long, to attack from the direction of Sari Kamysh. On August 3 Gen. Eidenich moved his forces from the Sari Kamysh district southward, threatening Halil Bey's flank and demonstrating against Erzerum. A Russian detachment marched rapidly by way of Ardos and Kara Derbent to Dalara, which is twenty miles west of Alashkert. One column had been sent to the southwest, and the other to the east, toward the important Merzha Mir pass, fifteen miles south of Kara Derbent, by August 5. Another, striking farther eastward on August 5, had a decisive success August 5 in the passes connecting Alashkert with Dutach in the Euphrates Valley.

The Russians, by a bayonet attack, drove the Turks from their trenches, capturing several hundred prisoners. In the meantime the Russians had been successful on the main front east of Alashkert and the Turks were compelled to retreat southwestward along the Euphrates under threat of a flank attack at Dutach. Russian cavalry reached Dutach and another point on the Tuphrates four miles northward on August 7.

**TURKS LOSE HEAVILY.**  
The Turks lost three hundred prisoners at Dutach. Their total losses in the three weeks campaign are estimated at from 15,000 to 20,000 men, besides a large quantity of provisions and ammunition. The Russians are continuing the pursuit southwestward. Russian military authorities declare the reinforcements now being sent to Halil Bey are recruits who have had little training and they express the belief that the Turks will have difficulty in assembling another army which would threaten the Russian forces on the Caucasus front.

**THREE SMACKS SUNK.**  
LONDON, Aug. 12.—The fishing smacks *Chesapeake*, *Esperanza* and *George Borrow* have been sunk. Their crews were landed.

**TAKES ESTATE OF GERMAN.**  
PARIS, Aug. 12.—The civil tribunal of the Seine has sequestrated the property of the German millionaire Herr Jellinek. This property, consisting of a large number of real estates in Paris and the Riviera, is worth about \$40,000,000.

**MILLION BEEF CATTLE MAY BE SENT TO BRITAIN.**  
LONDON, Aug. 12.—C. O. Robinson, of a large packing company of Chicago, who is in Helena, receives the following copy of a cablegram sent to the Chicago office of the firm today:

"Furnish estimate at once cost of 1,000,000 head American beef cattle, cash on delivery at Liverpool."

**DAMAGED RUSSIAN WARSHIP IN RUMANIAN WATERS.**  
BRILL, Aug. 12 (via London, Aug. 12, 1:35 a.m.).—A Bucharest dispatch to the *Vomische Zeitung* says a badly-damaged Russian warship, presumably the battleship *Sinop*, is lying in the outer roadstead at Mangalia, Rumania.

The warship is reported to be one of those which attacked the Turkish coast July 23-26. She struck a mine and barely was able to reach Mangalia. The vessel has not been interned, and presumably is making repairs.

**TWO MORE TURK WARSHIPS SUNK IN DARDANELLES.**  
LONDON, Aug. 12.—The Turkish gunboat *Berk-i-Satvet* and an empty transport have been torpedoed in the Dardanelles by a British submarine. It was officially announced tonight. The announcement says:

"The vice-admiral in the Dardanelles reports that one of the British submarines operating in these waters sank a Turkish battleship on the morning of the 8th of August, at the entrance to the Sea of Marmara. A Turkish gunboat, the *Berk-i-Satvet*, and an empty transport also have been torpedoed in the Dardanelles by one of the British submarines."

**TWILIGHT SLEEP  
TWIN ARE BORN.**

SON OF LOS ANGELES DOCTOR FATHER OF FIRST IN THE SOUTHWEST.

(BY DIRECT WIRE-EXCLUSIVE DISPATCH.) EL PASO (Tex.) Aug. 12.—Twilight sleep twins, the first to be born in this country, arrived at 4 o'clock this morning at the home of Dr. Paul Gallagher, who is the pioneer in the painless childbirth method. Dr. Gallagher is the son of the late Dr. Francis Gallagher of Los Angeles, whose death occurred there in July. His mother, widow of the deceased Los Angeles doctor, and sister and brothers also live in Los Angeles.

Dr. Gallagher administered the anesthetic himself and declared today that the twins, a boy and a girl, were in perfect condition and the mother had not experienced a single pain.

**CHASE TURKS IN CAUCASUS.**  
Petrograd, Aug. 12.—A communication from the army in the Caucasus, dated August 9, made public today, says:

"The attempt of the Turks to advance in the direction of Olti and the Pasina Valley were everywhere repulsed. In the capture of the Merzha Mir Pass we took three machine guns and some prisoners, including the commander of two regiments."

"In the direction of the Euphrates the pursuit of the Turks continues. During the last few days one of our columns took as prisoners nineteen officers and 1172 men. We also took 200 wagons loaded with provisions, an explosive compound, and trenching implements. We also seized a quantity of arms, ammunition and tents. In this village the enemy has abandoned his wounded. On the roads our troops are finding heaps of ammunition and artillery."

"On August 10 in the Pasina Valley our troops after engagement captured the important heights and drove back the Turks toward the west, taking a battalion commander and three other officers and 300 men prisoners."

"In the direction of the Euphrates 2100 men have been taken prisoners."

**EARTH SHOCKS ROCK AUSTRIA.**  
AMSTERDAM, Aug. 12 (via London).—A dispatch to the *Frankfurter Zeitung* from Laibach, Austria, under date of August 11 says that extraordinary severe earth shocks, the strongest of any recorded since the establishment of the observatory there, were registered at frequent intervals yesterday. The most violent shock occurred at 10:14 o'clock in the forenoon.

Information concerning the main zone of disturbances is lacking but the secondary zone embraces all of Southern Italy where undulatory shocks occurred.

**GERMANS GO WITH RUSSIANS.**  
LAUSANNE (Switzerland) Aug. 12 (via Paris).—According to a dispatch received by the *Lausanne Tribune* from Tiflis under date of August 10, 225,000 Armenians have abandoned their country with the retreating Russian army and are taking refuge in Trans-Caucasia.

**GERMANS QUIET IN THE TYROL.**  
GENEVA, Aug. 12 (via Paris, Aug. 12).—A dispatch to the *Geneva Tribune* from Innsbruck, capital of the Austrian Tyrol, says:

"German operations have been suspended on the Kovo-Suwalki-Grodno front because of a lack of reinforcements, no new troops having arrived since August 4."

"The Russian offensive at Kovno is of the greatest importance as the German line has been broken. The Russian Landwehr, suffered terrible losses, August 8 and 9. In this section as well as in the region between Lomza and the Bug, it is remarked that many German regiments are much below the average in strength."

**BRITISH FIRE UPON ZAGAGIK.**  
PARIS, Aug. 12.—A dispatch to the *Havas News Agency* says it has been learned from Smyrna that British aeroplanes bombed Zagagik, near Smyrna, yesterday, destroying the barracks, the telephone office and eight houses. A destroyer, which followed the aeroplanes, also bombed the city, in which there were said to be a large number of victims. The Governor of Smyrna, fearing an attack, sent 800 men to reinforce the coast defense troops, the dispatch adds.

The Turks are constructing new works about Smyrna, and large caliber cannon have been placed along the Smyrna-Casim-Yozla road.

**IMPORTS INTO SWITZERLAND.**  
Bureau to Control All Incoming Supplies from the Allies is Being Organized.

GENEVA (Switzerland) Aug. 12 (via Paris).—The Journal says that negotiations between Swiss authorities and representatives of the Entente for the creation of a bureau to control imports of this country are nearing completion. Such a bureau would discharge the functions exercised by various foreign agents now working independently.

The chief obstacle to such an agreement lies in the demands of Austria and Germany that in return for their products exported to Switzerland they be allowed to import from this country certain articles of merchandise originating in allied countries. This is opposed by the representatives of the allies, who take the ground that as Austria and Germany export only manufactured articles and no food supplies to the allies, there would be no opportunity for the allies to abuse this arrangement.

The export of the allied nations to Switzerland, on the other hand, consist largely of articles available for use in war, and it is remarked that many close scrutiny of this trade by the agents of the allies is essential.

While asking no compensating exports from Switzerland, the representatives of the allies insist that Austria and Germany export to Switzerland only products necessary for manufacturing.

**DARTIGUENAVE  
ON PROBATION.**

New Haitian President is of Unknown Qualifications.

Will not be Recognized Until He Makes Good.

Meanwhile America will Keep Close Watch on Affairs.

WASHINGTON, Aug. 12.—Recognition by the United States of the government in Haiti to be set up by President Dartigueneve, elected today by the National Assembly, will not be considered until the new executive has demonstrated his ability to guarantee the maintenance of peace, the security of life and property and adjustment of outstanding foreign indebtedness. In the meantime the American naval forces under Rear-Admiral Caperton, elected today by the National Assembly, will not be considered until the new executive has demonstrated his ability to guarantee the maintenance of peace, the security of life and property and adjustment of outstanding foreign indebtedness.

Secretary Lansing explained today that the administration of Haitian customs by naval officers was a temporary arrangement to prevent the revenue from falling into irresponsible hands; that the State Department had made no provision for establishing a permanent system of American control of supervision of Haiti's customs.

Such a system would have been authorized in a treaty and it is probable that steps in that direction would be taken soon as a government on the island had been recognized.

Almost nothing is known in Washington of the personality of President Dartigueneve. Dr. Resolvo Bobo, successful revolutionist, and the leading candidate, is described as a traveled, cultured man, having received the degree of doctor of law and medicine in a French university. He is a former Cabinet Minister and served as acting Minister of Foreign Affairs. He is said to have promised to abide by the results of the election, and is expected to accept today's result as binding.

**QUIT IN HAITI.**  
PORT AU PRINCE, Aug. 12.—Gen. Dartigueneve was elected President of the Haitian republic today by the National Assembly. Calm prevailed.

Gen. Dartigueneve, 34, a majority of 73 out of the 116 votes cast. The voting for the various Presidential candidates was as follows:

Gen. Dartigueneve, 73.  
Emile Thomas, 4.  
Dr. Resolvo Bobo, 2.  
Blank, 1.  
Total, 116.

**ARMENIANS GO WITH RUSSIANS.**  
LAUSANNE (Switzerland) Aug. 12 (via Paris).—According to a dispatch received by the *Lausanne Tribune* from Tiflis under date of August 10, 225,000 Armenians have abandoned their country with the retreating Russian army and are taking refuge in Trans-Caucasia.

**MARK SHIPS MORE PLAINLY.**  
LONDON, Aug. 12.—According to the Morning Post Stockholm correspondent, Germany has notified the Swedish Foreign Office that the presence of German naval vessels in the Baltic is not regarded by the officers of submarine boats as sufficiently distinguishable at a considerable distance.

**ITALIAN CONSULS LEAVE TURKEY.**  
PARIS, Aug. 12.—A dispatch to the *Temps* from Geneva says that the Swiss Wiener Journal (a newspaper published in the Austrian capital) announces that Italian consuls have left Turkish territory and that Italian interests have been confined to American officials.

**URGENT NATIONAL THIRTY DAY.**  
Congress in Session at San Francisco Declares for Plan to Inoculate Principals of Economy.

SAN FRANCISCO, Aug. 12.—Designation of the Sunday preceding Labor Day each year as "thrift day" was asked of President Wilson and approved today at the second day's session of the First International Congress for Thrift. Labor organizations, it was said, have promised to support this.

Speakers told of methods of inculcating thrift in children and quoted statistics to show the usefulness of the American people.

Only 2 per cent of Americans are actually in the habit of saving, it was said by S. W. Straus of Chicago, president of the American Society for Thrift.

A letter from William Howard Taft, former President of the United States, pledging his moral support to the thrift movement, was read to the congress.

**EAGLES AT THE FAIR.**  
Aerie Members from All Parts of the United States Participate in the Celebration.

SAN FRANCISCO, Aug. 12.—This was "Eagles' Day" at the Panama-Pacific Exposition, and aerie members from all parts of the United States are here to participate in the celebration.

The programme for the day included a parade from Eagle's Hall to the exposition grounds and formal exercises in Federal Hall.

Theodore A. Bell, former Representative in Congress and Past Grand Worthy President, delivered an address.

**BIG GAIN FOR VOTERS.**  
Registration for California Reported by Counties Shows Large Increase Over Last Year.

SACRAMENTO, Aug. 12.—The registration of voters in California for 1915, reported by counties and tabulated today by Secretary of State Frank C. Jordan, shows an increase of 59,795 over 1914. The total number of voters is 1,779,320 against 1,719,525 for 1914.

**ZWEIBRUECKEN  
RAIDED FROM AIR.**

ST. INGHART, Aug. 12.—A wireless dispatch received here today from Berlin says that French aeroplanes dropped bombs at Zweibruecken and St. Ingbert, killing or wounding eight persons. The property damage was small.

The French airship raid was made over Rhineland, Bavaria. Zweibruecken is a town of the Palatinate about sixty-five miles northeast of Nancy. It is a manufacturing town of some 15,000 inhabitants.

St. Ingbert is about twelve miles west of Zweibruecken. It is near Saarbruecken, which was bombed by French aeroplanes on Monday.

**JEW'S APPEAL TO AMERICANS.**  
ASK US NOT TO SELL SHELLS TO CZAR'S ARMY.

Association in Germany Issues Dramatic Statement Calling Attention to Prosperity of This Country and to Fight for Existence Now Being Made by the Fatherland.

BERLIN, Aug. 12 (via Bayville).—The following was given out for publication today by the Overseas News Agency:

"The Association of Jews in Germany has issued a dramatic appeal to America. The appeal based on the fact that American shells are thrown by Russians into Polish towns."

"Europe stands in flames. Across the ocean America lives in peace. She hears not the thunder of cannon. A fruitful rain of gold is falling on a land enjoying golden peace."

"We cry out to America: Thousands of thy most loyal and industrious citizens come from towns being destroyed by the shells which thou art sending, instead of gifts of money once sent back to childhood homes from Libau to Lemberg. Thou sendest iron shells to supply the army of the czar. Thou eatest iron for gold, death for life. The children are murdered, the women are raped, the old are left to starve. Thou art not fighting for existence. We implore thee to listen to this appeal."

**ACROSS FRONTIER DOCTOR.**  
The North German Gazette publishes an affidavit sworn to by Wilhelm Oelbentel, a reservist, who was wounded, and later captured by the Russian army, and consisting of 40,000 pairs of boots and 30,000 ammunitions cases.

The affidavit states that the wounded German soldiers were treated most ably by a Russian doctor, who refused to dress their wounds and beat and spit at them and allowed their wounds to suppurate. This treatment continued for weeks, the affidavit adds, although such cruelty on the part of the French surgeons was an incitement to retaliation.

"The installments paid on the second war loan have reached a total of \$2,345,966,000, or 95.6 per cent of the amount subscribed."

**MADE DRAWINGS OF OUR COAST.**  
TALLAHASSEE (Fla.) Aug. 12.—August Orinolph, held here today for arraignment on a charge of having made drawings of military reservations and light houses along the coast, is charged with espionage. He is charged with espionage. He is charged with espionage.

**TURKS SURPRISE THEIR ENEMIES.**  
CONSTANTINOPLE, Aug. 12 (via London, Aug. 12, 2:40 a.m.).—An official dispatch from Erzerum, Turkish Armenia, to the War Office, says:

"A small Turkish division surprised the enemy on the coastal sea and inflicted important losses upon him. A large quantity of rifles and munitions were captured. During the recent fighting on the Turkish right wing, 266 prisoners, including five officers, were taken."

**PRISONERS WELL TREATED.**  
Austrian Report Says Servians are Improving Their Camps, but not to the Extent Desired.

WASHINGTON, Aug. 12.—The Austro-Hungarian Embassy today made public a dispatch from the International Commission Investigating conditions among prisoners of war in Serbia has reported improvement in the treatment accorded the prisoners, though not to the degree desired.

The dispatch said in part: "The commission visited the greatest part of the prison camps in Serbia and spoke with a number of prisoners and it can be stated with pleasure that conditions among our war prisoners as far as board, lodging and sanitation is concerned, have greatly improved, but not to that degree desired by us."

**VICTORY WON BY MONTENEGRINS.**  
CETTINJE (Montenegro) Aug. 12 (via London, Aug. 12).—It is officially announced that there was heavy artillery and infantry fighting yesterday near Goranda, in Bosnia, twenty-nine miles southeast of Sarajevo, and Kacso, southeast of Herzegovina, a short distance across the Montenegrin border. At both places the fighting ended in successes for the Montenegrins, according to the report.

**AUSTRO-GERMANS CAPTURE THE CITY OF LUKOW.**  
VIENNA, Aug. 12 (via London, Aug. 12, 1:20 a.m.).—The following official statement was issued tonight:

"Russian theater—North of the Lower Vistula the pursuing Austro-German forces captured Lukow today and crossed the Bystrzyca, west of Radzyn. Between Tysmenica and the Bur the Russians were repulsed at several places. The enemy evacuated early in the morning his batteries and skirmishes continue."

**JAPS ARE AIDING TO ARM RUSSIA.**

Korea is Also Helping Slavs with Munitions.

Oriental Making up Losses from Former Wars.

Vladivostok Port Congested by Heavy Freight.

TOKIO, July 10.—Now that the danger of war with China is over all Japan and Korea are engaged in making supplies for Russia and her allies.

The war brought big financial losses to Japan, but the gaps are being filled in part by the furnishing of guns, ammunition and general necessities to the armies at the front—particularly the armies of Russia.

Officially, Japan has given increased practical attention to her friendship towards Russia going to the limit of dismantling some of her fortifications on the northeastern coast occupied in making something that they are not selling something. These ships were shipped to Vladivostok and thence forwarded to Galicia to strengthen the Russian artillery of the armies of the czar.

American who visit Japan are astonished at the almost limitless number of tiny shops in the big cities of this nation—miles upon miles of streets filled with them—all of them practically every house stripped from these fortifications have been shipped to Vladivostok and thence forwarded to Galicia to strengthen the Russian artillery of the armies of the czar.

A dispatch from Berlin last Tuesday, coming by wireless to Bayville, N. Y., announced that the India had been torpedoed off the Norwegian coast and that eighty members of her crew were saved by the Swedish steamer *Gothenburg*. It was added that the ship on the vessel occurred north of Bodø, while the India was entering Restford.

**SING "TIPPERARY" ON RAFT.**  
CHRISTIANIA, Aug. 12 (via London, Aug. 12, 12:35 a.m.).—Capt. William Kennedy of the British auxiliary cruiser *India*, who was on the bridge of his ship when she was torpedoed by a German submarine in the North Sea August 5, was among the eighty-six members of the crew who were saved. Among the survivors were nine other officers. Some of those rescued were taken from a raft where they stood singing "Tipperary." In the India two life boats were fifty-two other men.

A group of eleven sailors who perished were buried today with military honors. When the bodies were brought ashore they were taken to a chapel where they were placed in caskets each of which were covered with the Union Jack.

The natives are showing much sympathy for the British sailors, who have been taken to private hospitals, where they are being provided for. No doubt they will be interned during the war.

**MADE DRAWINGS OF OUR COAST.**  
TALLAHASSEE (Fla.) Aug. 12.—August Orinolph, held here today for arraignment on a charge of having made drawings of military reservations and light houses along the coast, is charged with espionage. He is charged with espionage. He is charged with espionage.

**TURKS SURPRISE THEIR ENEMIES.**  
CONSTANTINOPLE, Aug. 12 (via London, Aug. 12, 2:40 a.m.).—An official dispatch from Erzerum, Turkish Armenia, to the War Office, says:

"A small Turkish division surprised the enemy on the coastal sea and inflicted important losses upon him. A large quantity of rifles and munitions were captured. During the recent fighting on the Turkish right wing, 266 prisoners, including five officers, were taken."

**PRISONERS WELL TREATED.**

At both places the fighting ended in successes for the Montenegrins, according to the report.

**AUSTRO-GERMANS CAPTURE THE CITY OF LUKOW.**  
VIENNA, Aug. 12 (via London, Aug. 12, 1:20 a.m.).—The following official statement was issued tonight:

"Russian theater—North of the Lower Vistula the pursuing Austro-German forces captured Lukow today and crossed the Bystrzyca, west of Radzyn. Between Tysmenica and the Bur the Russians were repulsed at several places. The enemy evacuated early in the morning his batteries and skirmishes continue."

**FRENCH CAPTURE LOST TRENCHES.**

PARIS, Aug. 12.—The following communication was issued this evening:

"In the Argonne, we have, through further counter-attacks, recaptured part of the trenches we had lost to the east of the road from Vienne-le-Chateau to Binarville."

"The artillery was rather active in the Northern Woivre, the forest of Le Preire and in the Vosges at Barrenkopf."

"The enemy shelled Raon l'Etape (ten miles northwest of St. Die). Four civilians were killed and seven women and children wounded."

**LOSS OF INDIA IS CONFIRMED.**  
BRITISH ADMIRAL CRUISER SUNK BY THE GERMANS.

Eighty-six of the Crew are Saved and Eleven Lost—Some of the Survivors are Rescued from a Raft, Where They Stood Singing "Tipperary."

LONDON, Aug. 12.—An official communication issued this evening says that the British auxiliary cruiser *India*, while engaged in patrol duty in the North Sea August 5, was torpedoed and sunk by a German submarine.

The announcement adds that twenty-two officers and 119 men of the India were saved.

A dispatch from Berlin last Tuesday, coming by wireless to Bayville, N. Y., announced that the India had been torpedoed off the Norwegian coast and that eighty members of her crew were saved by the Swedish steamer *Gothenburg*. It was added that the ship on the vessel occurred north of Bodø, while the India was entering Restford.

**SING "TIPPERARY" ON RAFT.**

MEXICO MOVES.SECRET SERVICE AGENTS OF  
ARIZONA ACT.Several Recent Shipments of Arms  
and Ammunition to Residents of  
Cochise and Pinal Counties Have  
Aroused Suspicion of Authorities  
at Tombstone and Other Places.

[BY A. P. NIGHT WIRE.]

TOMBSTONE (Ariz.) Aug. 12.—

Secret service agents and other gov-

ernment officials, in conjunction with

the sheriff, began today an investiga-

tion of what is believed to be a con-

certed movement among Mexicans in

several mining camps of Southern

Arizona in sympathy with the ru-

mored uprisings in Southern Texas.

Several shipments of arms and am-

munition have secretly been made to

Mexican residents of Cochise and

Pinal counties during the past two

days. The mysterious shipment of

twenty-five rifles addressed to a Mex-

ican unknown to officers or citizens

at Dragoon, together with secret

meetings of Mexicans at Johnson

camp, seven miles from Dragoon, will

FINDS RIFLES  
HIDDEN IN BRUSH.

[BY A. P. NIGHT WIRE.]

CORPUS CHRISTI (Tex.) Aug. 12.

A quantity of Mauser rifles was

found concealed under brush by

rangers and troops today near Mar-

cedes, according to word brought here.

The incident bolsters the belief of the

authorities that the Mexican raiders

are organized with the assistance of

Mexicans from across the Rio Grande.

The equipment is said to be similar

to that used by the Carranza forces.

Till 10 o'Clock.WITNESS OF ATROCITIES  
IN MEXICO VISITS HERE.

Mr. Hambleton, an Eng-

lishman who has lived for

many years in Mexico, is with

his family, spending a few

days in the United States.

Mr. Hambleton, who is a

witness of the atrocities in

Mexico, has a claim for

\$150,000, which was taken, and an

additional large claim for injuries

received and property destroyed.

Mr. Hambleton later returned

to Mexico and was one of the British

commissioners investigating the Ben-

ton murder. He was also in Mexico

during the United States flag insult

at Tampico, and the following reign

of terror during which the statue of

George Washington was torn down

and dragged behind an automobile

through the Trenchard district of

Mexico City, and after numerous other

insults was left lying with its mouth

at the foot of a statue of Juarez.

He was also in Mexico last year at

about the time the American Consul-

General, Mr. Hammar, was publicly

horsemanship at Monterey and then

thrown in prison, and other American

Consuls subjected to unprintable in-

dignities.

FRIDAY MORNING

# How to Dress

If every woman tried to dress like the models shown in the average fashion magazine, she would look like a Futurist or a Cubist painting.

The attempts of a few are responsible for the queerly-dressed creatures which we occasionally see on prominent thoroughfares.

The intelligent woman who cares about her appearance wants to be fashionably yet tastefully and exclusively gowned.

Fortunately, there is a publication which will aid her—The Woman's Home Companion.

The fashion models in this magazine are not fantastic. They do not look like creatures which belong in a zoo or a museum.

They look like real human beings, real flesh and blood women—women who are really pleasing to the eye.

Every woman would be attractive in appearance if she made her gowns according to the designs and patterns furnished by the Companion.

# The American Magazine

The American Magazine is the kind of magazine that nobody ever hides in a drawer. It is edited by responsible people, who have children of their own to bring up—edited by people who know that the best and even the most exciting reading matter in all the world is pure—edited by people of brains and character, who realize that nastiness is only a poor substitute for stupidity.

The American Magazine, with all its humor, its facts, its new ideas, its stories and its wonderful pictures, is one of the rarest and most significant products of present day American life. It is, in fact, THE American Magazine.

# THE TIMES

By exclusive arrangement with the publishers, The Times is enabled to offer its readers, old or new, the following exceptionally liberal subscription proposition. Any subscriber, old or new, can get The Times, the Woman's Home Companion and the American Magazine, by signing a twelve months' subscription contract for the Daily and Sunday Times and paying therefor only 80 cents per month.

No other newspaper attempts to cover the home field—Los Angeles, Southern California, the Pacific Coast and the Great Southwest—as thoroughly and completely as does The Times, which is the only paper in the Pacific Southwest that daily prints a full and complete Associated Press report.

These comprehensive and authentic reports are of special importance at this time because of the great European war. The Associated Press is the world's greatest news-gathering organization; and its daily cable reports from Europe, which are trustworthy and impartial, show the real facts concerning the activities of the various armies.

In addition to the service of the Associated Press, THE TIMES has special correspondents of its own in the principal centers of population of America and Europe, and it daily prints every happening of importance on the civilized globe, including news of the political, religious, social and business life of the people of all foreign lands.

For further particulars inquire of any Times agent or phone The Times office—Main 8200—Home 10391, The Times-Mirror Company, Times Bldg., 1st and Broadway.

## CHANCE FOR CALIFORNIA TO TRADE WITH DANES.

Wonderful Opportunity for Shippers and Producers of this State—Lemons and Other Citrus Products are in Especial Demand—Dairying is Main Industry but Methods are Somewhat Crude.

BY HARRY CARR.  
(SPECIAL FOREIGN CORRESPONDENCE.)

COPENHAGEN, July 24.—For California shippers and food producers the most important spot on the map just at present is Copenhagen, Denmark. I spent a day there with Edward D. Winslow, our Consul-General. He impressed upon me the wonderful trade opportunities for California that are opening up with Europe through the port of Copenhagen. A direct line of steamers has recently been put on the flying between Copenhagen and California through the Panama Canal.

It would be a wonderfully good idea if the State Department would send Mr. Winslow to California on an educational trip to point out a way for California to cut into European trade.

I can give only the rough outlines at present although I hope to make a more thorough investigation later on. Denmark is a country with about 2,000,000 people. Its industries are mainly agricultural. Especially dairy products and fish. The farmers practice a curious kind of industry that might be called intensive dairy farming. The cattle are only allowed to be in pasture for about two months in the year. The rest of the time, they are kept in stalls and fed a kind of oil cake whose base is cottonseed oil and which is found to be a great producer of milk. Very few cattle are sold for butchering. As a general thing the old family cow is kept as long as she can give milk and is killed only after she arrives at the stringy time of her career. As a consequence the Danes with means to buy meat like to rest their teeth on imported meats.

As a usual thing the Danish farm consists of about fifteen acres. The virtues of the Danes as farmers consist of great frugality. The average Danish country family makes butter to send to England and buys oleomargarine to eat in the family circle. The shortcoming of the Dane is poor head work. One of the richest merchants in Denmark said that he felt so sorry to see the Danes struggling along in such a slipshod, hopeless way that he started a big campaign to show the farmers that they didn't understand their business. All he got was the ruin of his trade among the farmers and a terrific roast from the newspapers. He says they keep too many cows and don't keep books. In an attempt to raise the quantity of milk they spend too much for oil cake and lower the price of milk by literally flooding the markets of Europe with it. The Danish dairies have only the vaguest ideas of systematically keeping books and making bills out; and therefore lose the result of much of their work. The whole life of the country is concentrated in Copenhagen. The city owns its own milk and butter. All over the city are patches of land which the municipality has put aside as homes for the working people. The houses are not higher than a child's out-of-door house, have been

### UNIDENTIFIED CORPSE.

Body Found on Railroad Near San Bernardino Believed to Be That of Angeleno.

(LOCAL CORRESPONDENCE.)

SAN BERNARDINO, Aug. 12.—

With laundry marks serving as the only means of identification, officers of this county are working on the mystery resulting from the discovery of the body of a white man near Lyons, a station on the Salt Lake railroad on the desert. A telegram from the desert today informed Sheriff McMillan of the discovery and immediately officers left for the scene. They will not return until tomorrow.

It is believed that the man's name is either Chambers or Smith, the laundry marks on his clothing belong from the Munster Laundry of Los Angeles. The telegram indicated that the body had been dragged along the railroad track.

L. D. Anderson, who took an automobile belonging to C. A. Anderson, who by the way, is now working on the mystery, is charged with the discovery of the body of a white man near Lyons, a station on the Salt Lake railroad on the desert. A telegram from the desert today informed Sheriff McMillan of the discovery and immediately officers left for the scene. They will not return until tomorrow.

### NO ANIMOSITY FOR MEXICO.

Neither Does He Think Argentina Will Use Force—Vila Minister Declares the Conference in Washington Insures the Sovereignty of His Country.

(BY A. P. NIGHT WIRE.)

CHIHUAHUA (Mex.) Aug. 12.—

do not believe the sending of American warships to Vera Cruz should be considered as indicating an intention of the United States government to intervene in Mexico," said Diaz Lombardo, Foreign Minister in the Villa Cabinet, last night when shown a copy of a dispatch telling of the departure of the battleships New Hampshire and Louisiana from Newport.

"The invitation that the Pan-American conference will send to the military chiefs does not now show animosity in any way as far as can be seen in the messages relating to this intention. The cablegrams that President Plaza of the Argentine Republic sent to Carranza and to the imperativeness of this man justify, and in categorical terms, assures my opinion that the Argentine Republic is taking part in the conference on the basis that the sovereignty of Mexico will be respected, and reflecting the idea of intervention in our civil troubles, especially by means of force."

SCOUTS INTERVENTION.

"I believe that for the solidarity of our race and our future convenience the South American nations will not help in an armed movement against our country and would protect against an act of this kind. I also am certain of the good will of President Wilson toward Mexico, and that the American government does not intend to carry out an armed intervention, since it solicited the co-operation of the Latin American nations, of which one is Argentina, which had declared that it would oppose any armed intervention in Mexican affairs."

"If President Wilson had a plan of intervention at any time he would surely not have asked the Argentine Republic to participate in the conference."

"If conferences for peace between the Mexican factions should be realized, not only Gen. Villa, but all military and civil elements connected with the Conventionist party would be willing to eliminate themselves, if this be necessary, with the only condition that the men who would take charge of the new situation would themselves promise solemnly to restore the constitutional order and not to join in any way with the corrupt Cientifico party or the reactionary element, which should never again be allowed to participate in political affairs in any way."

Takes Out the Itch and Sting.

## BANDS BLARE, PAGEANT AGAIN.

EVOLVING ORGANIZATIONS ADDED TO FETE FOR PRINTERS.

With bands blaring, and uniformed organizations evolving spasmodically, the electrical pageant, appeared in public for the sixth time last night, this time in honor of the visiting delegates of the annual convention of the Typographical Union, now in session here. The pretty girls and the pretty floats were all that could be desired. To create a diversion, the parade was this time composed of various brotherhoods, marching clubs, and the Naval Militia with their rapid-firing guns.

The parade was led by Councilman Beikowski, and Wheeler, and Councilwoman Lindsey, who rode in the first automobile.

Following the representatives of the city came automobiles carrying the visiting officers of the T. U. These were followed by four companies of the Naval Militia, each company drawing a rapid-fire gun.

The floats interspersed themselves in between various fraternal orders. The cheering appeared to be loudest when the Scotch bagpipers marched by. The weird, compelling strains of the pipes, accompanied by the determined tom-tom of the drums, excited the large crowd lined the streets, so that their enthusiasm could be heard for blocks.

GROCERS MEET.

San Francisco, President of National Association, Tells of Organization Work.

Frank B. Connolly of San Francisco, president of the National Retail Grocers' Association, spoke last night to the members of the Southern California Retail Grocers' Association at the latter's headquarters in the Wilcox Building. Mr. Connolly confined himself to the subject of organization, and begged his listeners to strengthen their association and to draw closer to the national body, as in this way, all minor local problems could be solved.

Members of the local association will tender Mr. Connolly a banquet this evening.

I. W. W. AGITATOR COMMITS SUICIDE.

TAILOR, WHO SET FIRE TO HIS STORE, TELLS CHILDREN TO AVOID TROUBLE.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

TACOMA, Aug. 12.—Adam Schubert, aged 45, taller, who set fire to his Aberdeen store Tuesday and confessed to arson, committed suicide in jail early today. He cut his throat with a small penknife, which he had secreted in a shoe. He died four hours later.

Expecting some act of the kind Aberdeen police had thoroughly searched his clothing, taking a razor from his coat. In a letter to his wife he told of having suffered loss in business from his connection with I. W. W. riots at Aberdeen two years ago and admonished his children to avoid lawless actions.

Schubert confessed, according to police, to having attempted to destroy his stock by sprinkling gunpowder about it, and setting it afire. Firemen quenched the blaze before it reached the trail of powder; the explosion of which would have endangered the lives of the children.

Schubert left two letters, one to his family in Pittsburgh and another to Anton Pista, Socialist member of the Aberdeen City Council, in which he renounced Socialism and trade unions. Had he attended to business, avoiding agitation, he and his family would today be prosperous and happy.

CHARGE SOCIALISTS WITH TREASON.

(BY ATLANTIC CABLE AND A. P.)

AMSTERDAM, Aug. 12 (via London, Aug. 13, 1 a.m.)—A number of Berlin Socialists, including the former editor of the Schwabische Tagwacht, have been arrested upon suspicion of high treason, according to Vorwaerts. They are charged with having published a pamphlet containing an article from the Berns Tagwacht severely criticizing the attitude of the German Socialists supporting the government.

LABOR ROWS IN EAST.

Machinists, Who Struck at Lake Torpedo Boat Company, Joined by Members of British Organization.

(BY A. P. DAY WIRE.)

BRIDGEPORT (Ct.) Aug. 12.—Machinists of the Lake Torpedo Boat Company, who suddenly left their work yesterday because they had not received a satisfactory answer to a demand for an increase in wages, claimed today that they had been joined by members of the Brotherhood of Amalgamation of Engineers, a British labor body, equivalent to the International Association of Machinists.

The trouble at the Lake Torpedo company arose over the wage issue. The Burns & Baswick Company today posted a notice to its men, who number about 300, that the nine-hour day with the present ten-hour wage scale had been voluntarily granted. The concern makes oil cups for automobiles, which are shipped abroad.

The Central Labor Union of Bridgeport has adopted a new set of resolutions calling for the impeachment of Mayor Clifford B. Wilson, who also is Lieutenant-Governor of Connecticut, for ordering the arrest of any one who should attempt to speak on labor matters at an open-air gathering, and a judicial review of the decision of Deputy Judge F. L. Wilder, who found three labor leaders guilty of breach of the peace in defying the Mayor.

Each union has been requested to ratify the resolutions.

STRIKE AT WOONSOCKET.

(BY A. P. NIGHT WIRE.)

WOONSOCKET (R. I.) Aug. 12.—Three hundred employees of the Taft-Pierce Manufacturing Company, the majority of them machinists, struck today when their demands for shorter hours and a 25 per cent. increase in wages were refused. The company manufactures machines and tools.

Money with which to expand a growing business, or to start a new business, can be borrowed at low rates of interest from the patrons of the "Money to Loan" columns in The Times "liner" section.

## DEATH STALKS IN CAFETERIA.

Jealous Fireman Shoots Woman and Self.

Luncheon Crowd Appalled by Tragedy.

Mob Chases and Dying Man Falls on Bear.

Diners with trays in their hands were ranked along the serving table selecting their food in the cafeteria, Third and Hill streets, at exactly noon yesterday, when R. C. Cunningham, a maddened fireman with a 45-caliber revolver in his right hand, entered, seized a tray, and using it as a prod, dashed into the line. He stopped in front of the vegetable section, where Mrs. Flora Saunders, his sweetheart for five years, was serving squash.

She stood rigid with fear. "Are you going to come back to me, or aren't you?" he shouted with such anger and excitement the attention of the filled room was drawn to the two.

She shook her head, too scared to speak. "You've got one chance, or you get this," and he flourished the old, but powerful weapon.

Her answer was faint. As she turned, he fired. She ran into the kitchen behind a partition. Cunningham vaulted the serving table, tripping in the vegetables on the steam table. He fired three times, two of the shots striking Mrs. Saunders.

Kitchen helpers, shocked into being mere spectators during the tragedy, turned on Cunningham. One threw a sugar bowl at him. Cunningham darted out of the kitchen, past the cashier. Cornered, he shot himself three times in the arms of the under the smashing blows of the bullets is one of the mysteries of violence.

Then he began to waver on his feet. He ran toward the door, lurching into a table where four diners sat. Reaching the door, he started across the street with a woman following him.

FLEES AND DIES.

Directly across the street in front of a fur store is a large stuffed bear. Cunningham's eyes were fixed on it. Tittering, he dragged himself along, slowing steps over the curbing, and with a little groan he sank against the body of the bear. The cashier found him there, lying in the arms of the overturned bear, and the front legs of the animal almost clasped him, as if in friendly and protective embrace.

Two hours later, in the Receiving Hospital, Cunningham died. Mrs. Saunders' wounds, from the two tearing bullets in her body, may not prove fatal.

She is the mother of two children, Ollie, 11 years old, and Chester, 8 years old. They are with Mrs. Saunders' mother, Mrs. C. E. Busby in Bakersfield.

Mrs. Saunders is 24 years old. She was married eight years to Frank Saunders, a Bakersfield electrician, who died six years ago. Then she came to Los Angeles, and a few months later met R. C. Cunningham, a fireman, employed as attendant on the water tower in the Hewitt-street fire station.

They met at a picnic, where Cunningham accidentally stepped into some mud. He asked Mrs. Saunders for a newspaper with which to clean his shoe. She dallied and helped him, and they became friends.

She was working to support herself, and he became a constant caller at her apartment. Their friendship developed into an intimacy that resulted in their living until recently in the same house at No. 240 1/2 Clay street, where Mrs. Saunders was known as Mrs. Cunningham, according to the landlady of that place.

They intended to wed, but Mrs. Saunders was reluctant to effect the permanent bond because of Cunningham's habits. He was addicted to the use of liquor.

QUARREL OVER DRINK.

They quarreled, largely over his habits, she says, but their difficulties reached a crisis that was known to all their friends. About three weeks ago, she secretly left the Clay-street quarters, taking her baggage to Third and Flower streets. Cunningham found her there.

Wednesday, she secretly moved again to No. 213 South Figueroa street. Cunningham could not find her.

He knew she worked in the cafeteria. In the morning, he went to a Main-street second-hand store and bought the biggest revolver on sale. With it he bought two rounds of ammunition.

In the meantime he drank. When he entered the cafeteria, he carried the revolver half hidden in his coat, held in his right hand. Then he went directly to the serving counter, where he took the tray to blind any suspicion.

He has relatives in Comanche, Tex., where he was born. His record in the fire department was good, but it was known he was not temperate in his habits. His body was taken to Breese Brothers' morgue.

Mrs. Saunders remains in the Receiving Hospital until further arrangements for her treatment are made.

FIREMEN FLASH WHIFFEN LETTER.

FORMER COUNCILMAN IS GIVEN CREDIT FOR ANOTHER FLIP-FLOP.

Another flip-flop is credited to former President Whiffen of the City Council by the firemen's two-platoon organization following Mr. Whiffen's active participation in the Municipal League meeting against the ordinance at that meeting (Wednesday) Mr. Whiffen said that the people were not informed as to the real effect of the ordinance on the city's finances, and he expressed the opinion that it would be repealed by the people at the first opportunity.

Mr. Whiffen appeared to be one of the original opponents of the two-platoon ordinance, but here is how he stood at one time before election. "I said D. Joseph Coyne, attorney for the firemen, as he produced a letter from Mr. Whiffen. The letter, written under date of May 28, stated that the writer had altered his views, which he referred to as being favorable to the two-platoon system."

Raymond F. Crist, Deputy United States Commissioner of Immigration, who is here on an important educational mission.

## Stir Up Melting Pot.

(Continued from First Page.)

First-avenue school, Avenue 21 and Pasadena avenue. These will be in addition to the schools that have for some years been maintained at Macy street and Los Angeles High.

Speaking of the plans and scope of the proposed co-operative system between the government and local school authorities, Mr. Crist said the idea was to make systematic and uniform the methods of teaching the fundamentals of citizenship throughout the country. The work will begin with the alien declares his intention of becoming an American citizen, to Americanize them, teach them what our government means, to remove the foreign attachments as far as possible; disperse the foreign groups and colonies in the various cities of the country; so there will be no more "Little Italy," "Little Germany," "Little Hungary," in any of the cities of this country.

Mr. Crist said there are approximately 3500 candidates for citizenship in Los Angeles city every year, but that did not cover one-tenth of the foreign population. Under the rules that will now be put in operation, it will be the duty of the clerk of the court to transmit to the sanitation of the homes of our foreign-born population, for in this regard there is much to be desired.

Mr. Crist has, as far west as Chicago, Omaha, Kansas City, Denver, Salt Lake and Los Angeles. This afternoon he goes to San Francisco, where he will attend the National Education Association, and at the conclusion of that conference, starts north for Portland, Seattle and other points on the Coast.

Yesterday morning he had an interesting and profitable meeting with C. P. Kelso, managing director of the civic center, and Miss Drake of the Ann-street school, and the result was a better understanding of the government and the features of the national work were exemplified and explained.

AT ODDS WITH THE LAW.

So Friends of Accused Dynamiters Start Recall Against Man Who Represents Them.

Sympathizers with the rule of dynamite yesterday started the circulation of petitions for the recall of Superior Judge Frank R. Willis because of a ruling he made in the murder charges against David Caplan and M. A. Schmidt.

Following inquiries made of Registrar of Voters Michael John Murray, an importation from New York, held conferences with a number of Los Angeles union laborites and laid the foundation for a campaign for the recall of Judge Willis.

The basis of the proposed recall is that Judge Willis refused to grant a motion to compel the more to set aside the indictments against Schmidt and Caplan, who are now in the County Jail.

It is understood that the recall petitions will be circulated throughout the county by members of various labor unions and Socialist locals. A meeting was held last night at which the general plan of campaign is said to have been adopted. Murray, who is an attorney at an independent press with headquarters in New York, is said to have been engaged to help engineer the proposed recall.

Another petition that is to be circulated immediately is one for the abolition of the grand jury system. The friends of the dynamiting crew contend that abuses of the rights of the grand jury in the indictments returned against the McNamaras and Schmidt and Caplan were flagrant and that the system should be abolished.

It is proposed to get sufficient signatures to both petitions to have them placed on the ballot, October 28, if possible. It is understood that the grand jury initiative is being circulated simultaneously in various parts of the State.

Liberal building discounts and terms will be allowed.

BRALY-JANES CO. 320 Pacific Electric Bldg. Main 1271—Home 10223 Branch at Brentwood Park.

Another slip-flop is credited to former President Whiffen of the City Council by the firemen's two-platoon organization following Mr. Whiffen's active participation in the Municipal League meeting against the ordinance at that meeting (Wednesday) Mr. Whiffen said that the people were not informed as to the real effect of the ordinance on the city's finances, and he expressed the opinion that it would be repealed by the people at the first opportunity.

Mr. Whiffen appeared to be one of the original opponents of the two-platoon ordinance, but here is how he stood at one time before election. "I said D. Joseph Coyne, attorney for the firemen, as he produced a letter from Mr. Whiffen. The letter, written under date of May 28, stated that the writer had altered his views, which he referred to as being favorable to the two-platoon system."

## TO GET CLOSER TO THIS CITY.

TWIN FALLS WORKING FOR SHORT-CUT RAILROAD.

Secretary of Idaho Commercial Club Here to Induce Chamber of Commerce in Plan to Connect Million Acres of Productive Territory with Los Angeles.

Construction of a railroad to connect this city with Twin Falls by linking up segments of existing lines in Nevada and Idaho is advocated by J. McMillan, secretary of the Twin Falls Commercial Club, who arrived here yesterday to take up the proposition with officers of the Chamber of Commerce.

"The proposed road will be 400 miles shorter than the Oregon Short Line and Clark road by way of Salt Lake City," he said. "It will bring 1,000,000 acres of fertile land as close to Los Angeles as San Francisco, or within 600 miles."

The plan fostered by the Twin Falls Commercial Club contemplates the construction of but 190 miles of track through a country where gradients could be reduced to a maximum of 1 per cent.

"The road has been surveyed, but no estimate of actual cost has been made," said Mr. McMillan. "However, it will be low. The idea is to get the commercial bodies working at both ends and eventually induce capital to take up the proposition."

"Twin Falls is the hub of a wheel that contains 1,000,000 acres of irrigable land with an abundance of water at hand. The things we produce are what the Southland wants, while we have a liking for your fruit, oil and other products."

The road as planned will start at Pioche, Nev., on a branch line of the Salt Lake, then run 100 miles north to connection with the Guggenheim Railroad at Ely, with whom a traffic agreement is assured, according to Mr. McMillan. To carry the line into Twin Falls it will be necessary to build ninety miles of track north from the terminus of the Guggenheim Railroad at Coburn, Nev.

"I hope to have the Chamber of Commerce send a party over the route of the proposed line," said Mr. McMillan.

Returning to their eastern homes from the thirty-second biennial convention of their organization, held last week in Berkeley, two score members of the Sigma Chi fraternity will be guests tomorrow of the Los Angeles alumni chapter of the order.

Among the visitors are the new executive head of the fraternity, Grand Consul Wilbur P. Allen of Austin, Tex.; Judge Howard Ferris of Cincinnati; Charles Ailing, past grand consul of Chicago; the national treasurer of the fraternity, William W. Brothers of Chicago; Bertram P. Adams, grand secretary, and Newman Miller, retiring grand consul, both of Chicago; M. E. Robinson, editor of the Sigma Chi Quarterly, of Chicago; Rev. William B. Ricks, grand praetor of Columbia, Tenn., and many other representatives from the eighty-one chapters of the order.

The party will be met by a local Reception Committee, including Judge N. P. Connelley, of the County Appeal and Judge L. W. Myers of the Superior Court.

Councilman Foster C. Wright is in charge of the automobile squad that will take the visitors touring through Los Angeles and Pasadena in the morning. Luncheon will be served in Glendale, that function being arranged by F. R. Feltman, president of the Los Angeles alumni chapter. In the afternoon a reception will be made to Universal City.

Many of the visiting members are accompanied by their wives, the ladies being included in the daytime programme. In the evening, however, the fair guests will have a party by themselves at the University Club, with Miss Foster C. Wright, Harry Lee Martin, Frank D. Holman, John O. Hiley, F. R. Feltman, George L. Crenshaw, A. P. Thomson, Walter Moore, Jr., Randolph Carter and J. M. Spector as hosts.

In the quarters of the Jonathan Club the men of the order will hold a fraternal feast for members only. Freeman G. Teed will act as toastmaster. There are about 350 graduate members of Sigma Chi in and about Los Angeles.

CONVENTION ENDS TODAY.

Gathering of International Printers' Union to Leave on Trip to San Diego Tomorrow.

With the selection of Baltimore as the next annual gathering place of the International Typographical Union and the cleaning up of details remaining on the legislative programme, the printers' convention will conclude in this city today. A special excursion will be run to San Diego tomorrow afternoon at 2 o'clock and most of the delegates will probably take this opportunity to visit the exposition.

Discussion of the pension laws of the organization took up most of the time of the convention yesterday. A strong effort was made to have the assessment on members for the support of the pension fund reduced. Secretary Hayes spoke in defense of the plan and said that if the tentative figures suggested for the reduction should be made, the fund would be cut \$145,000 a year from the fund and would result in its total destruction in less than ten years.

Several measures were considered for increasing the revenues of the international body.

Solemn.

RARE MIDNIGHT FUNERAL RITES.

HIGHEST MASONIC HONORS FOR FLORIN L. JONES.

Beautiful Ceremonial, Instituted Seven Hundred Years Ago and Conducted Here But Few Times, is Held Before Thousand at the Scottish Rite Temple.

The rare and beautiful midnight funeral service of the Masonic fraternity was performed last night over the body of Florin L. Jones, thirty-third-degree Mason and prominent citizen, who passed away unexpectedly last Saturday. Only three times before has the historic ceremonial been performed in Los Angeles, the last time, March 15 last, over the mortal remains of Simon Conrad.

The service last night was performed in the auditorium of the Scottish Rite Temple, No. 920 South Hope street. Shortly before midnight the preliminary part of the service began. In the previous hour nearly 1000 persons had quietly entered the hall.

The large company of mourners was deeply impressed by the solemn and dramatic ceremonial which was instituted 700 years ago and is hailed as one of the most impressive of the spoken rituals. The ceremony is not surpassed by any similar fraternal rite.

The ceremonial is so designed that it dignifies and ennobles death. It constitutes one of the rarest honors that can be bestowed upon the memory of a good man's life.

The service began with an impressive procession of men bearing tapers. From that moment until the last sad word of remembrance had been spoken and the mourners had knelt before the casket, and it had disappeared into the dark shadows at the back of the stage, every movement of the scores of men in historic costume, every speech and every other feature of the service was in sacred harmony with the occasion.

MOVIE PLANT AT OCEAN?

Seal Beach Inspected by Big Concern, Calmness of Water Only Objection.

Representatives of one of the largest motion picture concerns in Southern California inspected Seal Beach this week with the idea of building there a permanent studio in which films of the sea could be made. The decision has not been made finally. However, there is a possibility that Seal Beach may be rejected because of the calmness and quiet of the water, thus having no material for a storm scene.

The probability of a newspaper starting at Seal Beach is represented by one of the oldest and best newspapers in Orange County, wherein Seal Beach is this week preparing for the establishment of the "Seal Beach Flipper," a special paper devoted to the interests of Seal Beach.

## CHARGED WITH FIRING HOME.

PASADENA MAN ACCUSED OF BEING ARSONIST.

Suspicious Blazes Investigated by Grand Jury—Hundred Have Occurred Since First of Year—Two Alleged Incendiaries Arraigned on East Ninth-street Case.

A grand jury investigation of an alleged arson ring is pending, following the submission by deputies to the Criminal Complaints Committee of a mass of evidence bearing on a number of suspicious fires which have occurred recently. Since January 1, it is said, there have been 100 fires of suspicious origin in and around Los Angeles.

A complaint was prepared last night in the District Attorney's office, charging a Pasadena man with burning his own home, said to have been worth \$20,000.

Another angle to the alleged arson trust is seen in the arraignment of Salvador Turco and Joe Barabara before Justice Forbes yesterday. The court set the date of preliminary examination for Tuesday. The men are accused of having caused the burning of a store at No. 2161 East Ninth street, in which was found a pair of gasolines after the firemen had extinguished the flames.

Deputy District Attorney Stafford has been gathering evidence, at the instigation and with the assistance of certain fire insurance companies which have made an exhaustive investigation. He asserted yesterday that police detectives informed him that there were a number of lawyers involved in the operations of the alleged ring of men who have been burning their property for the insurance upon it.

The Criminal Complaints Committee will meet Saturday morning, at which time, it is believed, a report will be considered.

MISSING GIRL FOUND.

After Four Days of Wandering in Mountains She Reaches Camp Feeling Fine.

After four days spent in wandering in the mountains, Miss Agnes Cashion walked calmly into Switzer's Camp yesterday afternoon apparently in better health and in a more cheerful frame of mind than when she was mysteriously disappeared from her home at No. 1548 Land street, Los Angeles, last Monday.

She was neither hungry nor thirsty and was intending to walk back to Echo Mountain when she was prevailed upon by Mrs. Lloyd Austin, wife of the proprietor of the camp, to return to her home. She explained that she loved the mountains and seemed surprised that her family should have worried about her.

The young woman spent Wednesday night at the temporary home of Mr. and Mrs. Mitchell in Millard's Canyon, west of Echo Mountain.

Then she walked up Millard's Canyon, crossed into Bear Canyon and followed it to the Arroyo Seco, then to Switzer's Camp, a rough country where there were no trails.

Mrs. Austin and the Austin children brought the girl down on muleback to the head of the canyon, where she was met by Ed Rodgers, assistant deputy constable, who took her to Los Angeles, where she was placed in the County Hospital.

Every family should be provided with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy at this season of the year.—(Adv.)

## MOVEMENTS IN SOCIETY.

**MR. AND MRS. GILES KELLOGG** of No. 2025 Wilshire boulevard formally announce the engagement of their daughter, Miss Adeline, to Lieut. Shepler Ward Fitzgerald, U.S.A., of Washington, D.C.

The happy news was told at a beautifully-appointed luncheon yesterday, given for thirty of the bride-elect's most intimate friends, September 1st, at the home of Mrs. Kellogg.

Delicate place cards attached to pink tulle ribbons, when pulled, revealed the hidden announcement cards.

The wedding date has not been set as yet, though it will in all probability be in the near future.

## To Midshipman.

The first of a series of brilliant social courtesies to be extended the visiting midshipmen was ushered in by Mrs. James Scott and Mrs. U. G. Donahue, joint hostesses on Saturday night at the pretty Scott residence, No. 1918 Harvard boulevard, honoring Midshipman J. J. Bartholdi, only brother of Mrs. Donahue.

Guests were four midshipmen—H. Jackson, A. P. Schneider, H. E. Ely and F. B. Hasler, who are enjoying a ten-day leave of absence from the U.S.S. Wisconsin.

Four spacious rooms on the ground floor were thrown into one roomy dancing rendezvous. A profusion of hydrangeas arranged artistically throughout made a charming background for the happy-faced, summery frocked young girls who were gowned in all the delicate Dresden shades. The white uniforms of the midshipmen made a noticeable pleasing contrast to the sombre black of the civilian's full dress.

Delicious trappes were served in the breakfast room, transformed into a bower of flaming amaryllis. A patriotic touch complementing the honored men in service was lent by a pretty arrangement of small silk flags over the chandeliers.

The beautiful grounds of the residence, the pergolas and quaint summer houses were illumined with a myriad of twinkling incandescents and gayly colored Japanese lanterns. Here many guests sought a delightful retreat from the too-strenuous exertion of the formal dinner.

## Supper was served out-of-doors in ideal nooks, to the seventy-five bidden guests.

## Farewell Social Compliment.

A pretty farewell compliment is to be extended Mrs. J. G. Wilmoth of Indiana, who has been the house guest of her sister, Mrs. Horace Furness, for the past three weeks, when Mrs. B. D. Wilson entertains tomorrow at a matinee party at the Orpheum.

The honoree leaves Monday for San Antonio to visit her father's family before continuing her journey homeward.

Mrs. Riley Hogue also entertained for Mrs. Wilmoth on Wednesday, when fifteen were luncheon guests.

## Betrothal Announcement.

Mr. and Mrs. Francis M. Buck formally announce the engagement of their daughter, Miss Adeline, to Lieut. Shepler Ward Fitzgerald, U.S.A., of Washington, D.C.

The wedding is to be an event of the last of September.

## A Rose Luncheon.

A recent pleasant social happening was the luncheon given by Mrs. Maurice Nathanson of DeBarth and Beacon streets, Alhambra, commemorating Mr. Nathanson's sister, Mrs. J. Schoppa, her daughter, Mrs. Carl Metzger, and the Misses Mildred and Beatrice Metzger, with their grandfathers, Mr. J. Schoppa, and uncle, George Schoppa, all of Dallas, Tex.

Mrs. Frank Rosen of El Paso, and Mrs. A. Harrook of Butte, Mont., who are enjoying Southern California just now, were also special guests.

Additional delight was provided by readings by Mr. H. Fleishman. Others present were Mrs. L. Levy, Mrs. Nat Schlessen, Mrs. Barney Schulman, Mrs. M. Perlman, Mrs. B. Rosenberg, Mrs. George Gordon, Mrs. H. Macdonald, Mrs. Robinson, Mrs. William Rosenberg and Mrs. George S. Hampe of Alhambra, and Mrs. Emanuel Rosenberg of Pasadena.

## Sojourning in North.

Mrs. Ella B. Hanna and daughter, Dorothy Edwina Hanna, are enjoying a stay in San Francisco, with the expectation of the special magnet. Later they go with friends to the Russian River, and on the 31st inst. Miss Hanna enters Stanford University.

## Back After Ten Years.

Gen. and Mrs. J. H. Culver of Milford, Neb., arrived in the city this week for an extended visit with their son, Harry H. Culver. The Culvers have not been in Los Angeles for ten years. The general states that the growth of the Los Angeles seems almost unbelievable, and that he is going to become as big a booster as his son.

The Culvers will devote a part of their visit to motoring throughout Southern California, and will make their headquarters in Culver City, at the residence of their son, Washington boulevard and Delma terrace.

## Will Go to Bay City.

Miss Ida M. Leonard, who successfully conducts a voice and speech studio in this city, and is a prominent member of the Channel and other clubs, and a most delightful reader, is leaving Monday for San Francisco, to accompany with her niece, Miss Ruth Phillips. They will be at the Bellevue for a fortnight.

## For the Morning.

On tomorrow afternoon Miss Isabel Redmond, who has just returned from San Francisco, is to form the motif for a society courtesy which Mrs. Clarence Van Epps of No. 214 Mariposa avenue is giving to a coterie

of twelve friends. The hostess has just moved into her lovely new home, so it will rather initiate the series of house warmings which will eventually embrace her large list of friends. Miss Redmond, whose home is in Texas, has been coming for several years to study the violin under Sir Edmund Beech, who has just been on a trip to San Francisco in company with her uncle, John Redmond of Wyoming, and is at home to her friends at the Clar.

## Woodlows to Go North.

Each day records a fresh exodus of Los Angeles people to either of the two expositions, the Woods R. Woodlows of Kingsley drive, being among those who are leaving tomorrow for San Francisco. They intend to stay for three weeks or a month, though not entirely in the Bay City, for a mountain or lake resort may attract them for a part of the time.

## Notables Like California.

Ex-Gov. and Mrs. William Sulzer of New York, who have been spending a week at Arrowhead Springs, are leaving the 14th inst. for the East. They recently returned from a visit to Alaska, and have visited both expositions. They were delighted with the many beautiful mountain trails around Arrowhead.

## Returned.

Mrs. M. S. Tyler has returned from a three months' visit in Oakland, and is now with her son, B. L. Tyler, of No. 428 Harvard boulevard.

## Delights Arrowhead Colony.

Madame Louise de Artell, a noted mezzo-soprano singer, who is now a resident of this city, has been at Arrowhead Springs for several days past, and has been entertaining a visit at that resort with several concerts. Madame de Artell formerly resided in Switzerland.

## Concerning the Miners.

Capt. and Mrs. Randolph Huntington Miner are spending a few days in San Francisco, where they went to attend the brilliant navy ball. On their way up the coast they stopped at the Hotel Fortuna Santa Barbara, where they will probably stop at Santa Barbara returning to Los Angeles.

## Porto Rico Folk Here.

A party from Central America, Porto Rico, which includes Mr. and Mrs. C. L. Carpenter, Charles C. Carpenter, Thomas Carpenter and James S. Carpenter, is stopping at the Hotel Clark for a few days. The Carpenters control large commercial interests in month in Southern California, and George Hall of Hope City, Alaska, is also registered at the Clark.

## Motored from Pundant.

A merry motoring party from the far north that has been touring the Southern California beach resorts this summer is made up of Mr. and Mrs. E. R. Chappell and Mr. and Mrs. H. F. Wagner. The party made the

## entire trip from Portland by automobile.

They are registered at the Merritt Jones Hotel at Ocean Park, and are enjoying many side trips in the machine, which seems none the worse for its lengthy journey.

## Leading Educator Here.

Miss Grace Strachan, who is superintendent of one of the New York City district schools and one of the leading teachers in New York State, has been in Los Angeles for several days, the past week, stopping at the Hotel Clark with several other New York teachers. They were en route to the National Education Association convention in Oakland.

## Miss Adeline Kellogg.

Charming fiancée of Lieut. Shepler Ward Fitzgerald, U.S.A., formal announcement of the interesting engagement being made today.

## In looking over the pictures afterward and again and again.

## Modish Hints.

There will be trotter and tailored frocks this fall.

Roses are pinned to the corsage at the waist line.

Boned brasieres are now being made expressly for bathing.

Blue serge promises to be the most fashionable of fabrics.

Beaded gate-top bags are made of black or navy blue moire.

Circular skirts are finished with black bands of plaid material.

Checks are being used for collar and cuffs on dresses of plain material.

Most of the new fall skirts shown at the recent fashion show are in the more elaborate handbags.

Parasols are embroidered.

The newer hats are acorn shaped.

All white is fashionable as well as all black.

Carved pearl buttons are promised for fall.

## BANKERS ARE COMING.

Members of American Institute Bound for Bay City Convention Due Sunday.

Two hundred delegates to the annual convention of the American Institute of Banking will arrive here Sunday afternoon at 1 o'clock, en route to San Francisco, where the convention will open Wednesday. The entire party will be entertained by the Los Angeles chapter of the institute, the programme including a visit to Pasadena, with luncheon at the Maryland, then a trip to the suburbs and beaches, returning for an informal dinner at the Alexandria in the evening, when the Los Angeles Clearinghouse Association will entertain.

The committee in charge of arrangements for entertaining the delegates is composed of R. B. Hardacre, assistant cashier Security Trust and Savings Bank, chairman; George S. Pickrel, assistant cashier National Bank of California; J. H. Ramboz, cashier Merchants' National Bank; George F. Green, First National Bank; Fred C. Bold, Farmers' and Merchants' National Bank.

Los Angeles will be more or less prominent in the proceedings of the convention, as W. H. Thompson, president of the chapter, has been invited to prepare a paper upon the work of the Committee of Public Affairs, which will be read at a conference of chapter presidents, and E. G. McWilliam will participate in a symposium upon the new banking practice, speaking on the subject of State banks and the Federal reserve system.

## SUMMER SCHOOLS PICNIC.

Practically All Races are Represented in Outing Held at Redondo Beach.

As the culminating feature of the term just about to close, 250 boys and girls, with all races represented, invaded the beach resorts at Redondo and at Hermosa Beach yesterday. The Ninth-street and Hewitt-street schools were represented by what the instructors in these institutions call the "melting pot" on account of the mingling of races.

The outing was made possible by the use of automobile trucks furnished by Los Angeles mercantile houses. In explaining the purpose of the summer camps, the instructors called the Smith of the Hewitt-street school and several instructors said that, as the ideal of the summer school is a more intimate acquaintance of school-ship as in the regular schools, the outings were an additional means of race fusion. Little Chinese boys and girls played with negroes, Japanese, Italians, Mexicans and a sprinkling of Americans.

## UTAH FOLKS TO MEET.

A jolly school will be held this evening by Utahans in The Times assembly-rooms, Broadway and First streets. C. J. Harline has arranged a delightful programme of music readings, recitations and dancing.

## Etchings.

But on glass—or rather on glasses. There are all kinds of table glasses in fine, thin glass and all charmingly etched and their prices are such as to cause pause and exclamation from all who like nice articles for the table.

## Kodak Albums.

If you are a tramp or a traveler you of course keep the photographs of your wanderings and you always need one or more albums for safely keeping them. Yes, there is a sale of them. Half the pleasure in a trip is

## Absent-minded.

Marjorie is in love and none of her friends ever pretend to overlook the fact, for she is so absent-minded that it is a continuous joke. The other day

Photo by E. Martin Webb.

Charming fiancée of Lieut. Shepler Ward Fitzgerald, U.S.A., formal announcement of the interesting engagement being made today.

## PARTIES AND CREEDS.

BY EUGENE BROWN.

IT WAS no easy task to put the Republican party out of business and before his Corbulency had accomplished his horrible purpose the afore-said party awakened from its doped slumber and turned on the lights.

Nor will the party of Thomas Jefferson sit idly by and watch the soggy Governor carve its brief obituary on its tombstone.

Political parties are as the bones of the human frame. They are what the flesh and blood, the nerves and sinews cling to and hang upon. They are not the life itself, but they hold up and sustain life and a man without bones would be as perfectly miserable as a tape worm in a plug of tobacco.

As matters now stand it would seem that the only chance Gov. Johnson has of inflicting his passion upon the people is to call a special election for the purpose of voting upon his non-partisan law and then carrying that election. He can do the one at the expense of the taxpayer—a mere matter of half a million dollars—but to control the election is nearly impossible if the masses indicate sufficient interest to journey to the polls. If the referendum is permitted to withhold the operations for which the bicentennial measure until a general election is held, its fate would be determined in advance.

In the natural sequence of events after the Governor had abolished political parties, the next step would be the obliteration of religious creeds. There is much good argument in favor of such a proposition and a large army of writer folk are willing to shed gallons of ink in extending the idea, but it would be mighty hard and distressingly improper to deprive the average Baptist or Methodist of his special brand of faith.

There is as much warrant for one law as this other. The principle is exactly the same and the Governor may argue until his jaws are purple before he can alter the fact. There is no more reason for taking the name of the Republican party off of the voters' ballot than there is in taking the cross off of the Catholic church.

Both represent a thought, a principle, a doctrine, for which the individual holds the inherent right to stand as a champion, defender or representative. A man has as much right to be a Democrat as he has to be a Presbyterian, and it frequently means as much to the one as to the other.

Whether it be a matter of politics or religion all men hold the constitutional right to assemble, to consult for the public good and to instruct their representatives in the manner best to them. The natural right is the natural interpretation of these rights and when the Governor takes a voter's party designation from his ballot he destroys a privilege that is almost as ancient as the written word.

If a man is a Socialist or a Prohibitionist he has a right to be so designated, and to be as proud of it as he can. Even the Progressives who are such from principle and not merely for motives of money or power now keep the fire burning on their altar and their faith clean. Although they represented a voice rather than a thought and although they were not to be said to be fulfilled they have a perfect right to maintain an organization and have such representation of their strength warranted. The gen-

## The San Diego Exposition

ABOUT three years ago, almost in the center of the city of San Diego, there was a 1400 acre tract of land, free from buildings or foliage. Water never touched this Southern city. Nothing grew, save cactus and sage brush, and a few scattered pepper trees struggling for life. Today on this very spot stands the San Diego Exposition, a gorgeous city of Old Spain. Now the land about the buildings, even down to the depths of the canyons, is covered with a thick undergrowth of semi-tropical foliage, beautiful large trees, spreading shrubs, low bushes and flowers. The desert has been transformed into a magic garden. You should see this wonderful transformation. It is only a few hours' ride from here on the Santa Fe.

## MISSING VIKING III LIMPS INTO SAN FRANCISCO.

### GIDDY ANGELS LICK OAKLETS.

Salt Lake Keeps Rowdy Out of the Cellar.

Johnny Williams Too Shrewd for the Enemy.

Buemiiller Makes Hero Out of Himself.

BY HARRY A. WILLIAMS.

The Angels handed Rowdy's assorted athletes of high and low degree another giddy licking yesterday—the giddiness running to a score of 5 to 1. This is the same score by which the Angels won on Wednesday, so it will be seen that they are going along at a very even gait. This is what is meant when a club is said to have struck its stride. When a club wins by the same score every day it is a sure sign that it is running smoothly. If the Angels continue to win by a score of 5 to 1 all week it will tend to show that they are five times as good as the Oakland club. A lot of our people think that they are even better than that.

Only the fact that the Seals swatted the Seals, the Oakland club would have landed in last place with a loud splash. Not only is it hard to get to the top in a league place, but sometimes it is difficult to get to the bottom when a club like Salt Lake is playing below you. However, as the Oaklanders are making progress in that direction, and seem determined, they probably will get there yet.

This thing of licking the daylight out of a visiting ball club is really beginning to pall on us. Sometimes we feel like refusing to play them any more until they go and get a reputation.

The situation yesterday was in charge of Honolulu Johnny Williams, who completely crushed the victors, that they looked like a species of pol.

### SUPPORT.

Williams allowed five hits, but strangely none of them figured in Oakland's only run. He wobbled at the start just long enough for the victors to score. Marcan walked and went clear from first to third on a sacrifice in spite of the fact that he was scored on a wild pitch. This didn't make much difference, as he would have counted anyway, for the Seals, the next two batters being too weak to hit the ball. Poor Jimmy. We shall always remember him as a great player. It is terrible for one to be left to crouch at third base within sight of home and friends, especially right at the finish of a three-bagger when the athlete is in his prime. This happens to so many promising ball players. Some day we hope to see a monument erected to the memory of all the brave guys who have died at third base.

From this on Williams and his help had the enemy floundering. Johnny could not see his pale on grounds of non-support and collect anything. He was flanked by wizz-tiny pasting on all four sides. The Angels played a bang-up game in the field, with Al Buemiiller as the chief bang-upper. Many a budding hit was gobbled up in the maw of the Los Angeles defense, and Al proved to be a fine and successful gobbler. In the fifth he cut off what seemed to be a sure hit by McDardie. Buemiiller chased into right field over back of first and forked the grounder with his southpaw. Then, turning clear around, like a lawn sprinkler, he threw Mac out with his right hand. This was but one of many commendable fielding stunts pulled off by him.

This was McDardie's first appearance in an Oakland uniform. Mac is getting to be a great traveler. He came down from Portland only the other day. He used to be in San Francisco. McDardie's policy is to see California, and Oregon first, and then he may branch out and take a trip to Iowa.

### STANDING OF THE CLUBS.

| Club          | Won. | Lost. | P.C. |

### INDIANS PUT UP EXHIBITION GAME.

FANS TURN OUT IN HONOR OF YOUNG STEVE O'NEILL.

The Cleveland Indians played an exhibition game in Scranton on July 28. The occasion was made a celebration for Steve O'Neill and 1600 fans were out to honor the young catcher, who got his start in the hard coal belt.

### VIKING III AT LAST IN PORT.

Overdue Yacht Arrives at the Exposition City.

Had Rough Voyage All the Trip up Coast.

Becalmed Two Days in Bay of Monterey.

(BY DIRECT WIRE-EXCLUSIVE DISPATCH.)  
BY E. D. SEFARD.

Secretary South Coast Yacht Club.

SAN FRANCISCO, Aug. 12.—The overdue racing yacht Viking III, in command of Commodore Albert Soland, of the South Coast Yacht Club, eleven days out from San Pedro in the race for the exposition cups, made port this afternoon at 2:53 o'clock and the suspense of the waiting relatives of the six amateur sailors from Los Angeles was ended.

### TIED OUT.

Commodore Soland and his crew were tired out from their long cruise and were not surprised to find the three other entries in the race which started from San Pedro August 1 moored in the exposition yacht harbor.

The Viking had the hardest trip of all—a course off shore between Santa Catalina and the rest of the channel islands took the racer 160 miles off shore. The winds and seas proving too strong for the staunch craft an inshore tacks was taken into Point Arguello.

### HOVE TO.

Beating off shore again for 160 miles little progress northward was made—Thursday night of the last week during the storm which crippled the yacht Minerva farther north the Viking took off her canvas and lay hove to for six hours at the mercy of the gale. Another tack inshore was then made and then two days of calm Monterey Bay tried the patience of the belated sailors. Drifting out the Bolldrums the last leg of the course into the Golden Gate was easily negotiated.

Commodore Soland is giving a reunion dinner tonight to the long-separated families effected by the voyage of the South Coast Yacht Club flagship.

### VENICE TO HAVE SIX BOXING BOUTS.

JOE LOPEZ TO PUT ON GLOVES WITH STEVE DALTON IN MAIN EVENT.

Harry Gilmore has arranged an exceptionally good card of six four-round bouts for the Venice Athletic Club for tonight.

Joe Lopez, the Mexican lightweight, will meet Steve Dalton, who last week battled Walter Ehle in a draw decision. Lopez has a decision over Ehle and promises to make Dalton so to get an even break.

Dalton is the tougher of the two, but Joe is quite a puncher and is also clever enough, a great many think, to withstand the rushes of Dalton, who is always ready to carry the fight to his opponent.

Jimmy Arrouses and Al McKanus, who put up a great fight on their last appearance, are slated to go four rounds in what is claimed will be a grudge fight. Both boys are fast and clever and are ever ready and willing to mix things.

Harry Atwood, the clever little featherweight, will take on Jack Lowe, who by his clever work has made a hit with the beach fans.

Battling Chico makes his first appearance at the beach club in a long time, to take on Battling Reidy. Joe Hanson, a newcomer, will meet Buck Brown.

### M'LOUGHLIN IS IN THE FINALS.

Nat Niles Fights Well, but is Outdriven.

Maury, with Dawson, Takes the Doubles.

Karl Behr Other Man in the Final Round.

(BY A. P. NIGHT WIRE.)

SEABRIGHT (N. J.), Aug. 12.—

Two former stars of Davis cup matches, Maurice E. McLoughlin of San Francisco and Karl H. Behr of New York, survived the semi-finals in the singles here today on the turf courts of the Seabright Lawn Tennis and Cricket Club.

McLoughlin found Nathaniel W. Niles of Boston a strong opponent who forced him to a deuce set before he won at 6-5; 8-2. Behr had no trouble of it with Theodore R. Fell, of New York, whom he defeated, 6-1; 8-2.

### THE DOUBLES.

McLoughlin and Ward Dawson, the California pair, won the final of the doubles. They defeated Leonard Beckman and L. E. Mahon, a scratch pair, 6-3; 6-4; 8-6. The match ended in a heavy rain.

The finals of the West and East will meet tomorrow to decide the right to challenge R. Norris Williams II for his holding of the Achille cup. Williams arrived here from Chicago today and tuned up his strokes against Niles.

### FAVORITE.

McLoughlin, because of his unbeaten record this year and his known determination to regain the national championship in the tournament later this month at the Westside Tennis Club at Forest Hills, N. Y., held the interest of the gallery in the singles. He was fighting fast as he had to be, for Niles bombarded him with low ground shots and drives. The Bostonian broke through McLoughlin's service for a lead of five-four on games in the first set.

### FASTER.

The Californian increased his pace so that Niles could not hold his advantage and won the set. Niles by a combination of fine driving and volleying again broke through McLoughlin's service in the first game of the second set. He led at 2-0 on games. Again the Californian rose to his greatest speed to win six consecutive games and the match.

Behr began against Fell by rushing to the net and blocking returns. He won the first five games before Fell got into action.

### HAGERMAN AND GALLIA SHINE.

ALLOW ONLY THREE BUNGLES BETWEEN THEM IN HOT GAME.

Hagerman of Cleveland and Gallia of Washington staged one of the greatest pitching duels of the season at Washington on July 27. Cleveland got one hit and Washington got two. Only two Cleveland men got to first. Milan stole home in the first inning with the only run of the game, getting on through a force and advancing on an out. Hagerman allowed one hit to Mosler, the first man up. In the second inning Henry got a hit, and after that the Cleveland twirlers could not be touched. Cleveland's one hit came in the eighth and the other man to get on was Southworth, with a pass in the ninth.

### Ladies' night

At the big L.A.A.C. swimming tank, in which a hundred fair swimmers took advantage of the chance to splash. Below is Miss Pauline Peters just falling in.

### WOMEN SPLASH IN CLUB TANK.

L.A.A.C. MEMBERS INVITE THEIR FRIENDS.

Wives and Sweethearts Think Men Are Mean to Keep Pool All to Themselves All These Years. "Oohs" and "Oohs" Resounded Among Bubbles.

The Los Angeles Athletic Club swimming tank was officially opened to ladies yesterday evening. About 150 water enthusiasts took advantage of the innovation and splashed around to their hearts content. The big pool was completely filled with daughters, wives, and sweethearts and the gentleman were decidedly outshone by the fair swimmers.

Gasps of delighted approval were heard as the ladies plunged into the previously forbidden tank. "Ooh-o-o-o," screamed one young nymph as she turned a double-back-flip into the chilly water. "This beats the ocean by about ten miles." "And just think," remarked another fair swimmer, "we never even knew that it existed before." "I think the men are selfish, mean things," pouted one enthusiast. "They ought to have let us swim ever since the club started." Several hands saw plainly that they were in for severe calling-downs when they reached home.

This is the first of a series of swimming affairs for the ladies. It is probable that the club tank will be thrown open at least one evening a month for the fair swimmers. And the way the event went off last night it may be necessary to run even a better schedule.

Another feature of the new programme is the swimming privileges for ladies in the morning. Twice a week the plunge will be turned over to ladies only. And it is expected that large numbers will take advantage of the chance to practice up on swimming strokes.

The surprising feature of last night's affair was the remarkably good swimming exhibited by many of the fair sex. So much class was shown that several men nearly fainted from pure envy. And the girls could dive better than they could swim. As for doing stunts and having a good time, they were there, that's all, they were there.

## Youngster Mamaux Allows Giants Only Three Hits and Slugs Some Himself

MAMAUX WHOLE  
SHOW IN GAME.Let's the Giants Down with  
Only Four Hits.Drives in Two of Four Runs  
with the Stick.One Base on Balls is All the  
McGravities Get.(BY A. P. MONT WIRE.)  
PITTSBURGH, Aug. 12.—Pitcher  
Mamaux shut out New York here to-  
day, Pittsburgh winning, 4 to 0. He  
allowed the visitors only three hits  
and one base on balls, and drove in  
two runs himself. Score:

CUBS WIN IN  
LONG GAME, 6-3.(BY A. P. MONT WIRE.)  
ST. LOUIS (Mo.), Aug. 12.—Chicago  
opened its series here with a seven-  
inning contest, which it took from St. Louis  
in the thirteenth inning, score, 6 to 3.  
St. Louis scored in the first inning  
and the visitors forged ahead in the  
eighth on Schulte's homer to the  
right-field bleachers. Reacher re-  
peated Schulte's performance and tied  
the score for St. Louis, but a series  
of errors in the thirteenth brought in  
Murray, Fisher and Schulte with the  
winning runs. Score:

|           | A | R | E | B | P | O | A | E |
|-----------|---|---|---|---|---|---|---|---|
| Chicago   | 6 | 0 | 0 | 0 | 0 | 0 | 0 | 0 |
| St. Louis | 3 | 0 | 0 | 0 | 0 | 0 | 0 | 0 |

LEWIS DUNCAN IS  
SEVERELY BOOTED.FAILS TO COME UP TO THE  
SPECIFICATIONS  
GIVEN.Outfielder Lewis Duncan, who was  
taken on by Pittsburgh from Battle  
Creek when the Southern Michigan  
League disbanded, has been sent to  
the Grand Rapids club of the Central  
League. He was played in one game  
as a Pirate and was not up to spec-  
ifications promised.ST. LOUIS BROWNS  
PURCHASE PITCHER.OBTAIN PITCHER JAMES PARK  
FROM THE OHIO STATE  
LEAGUE.The St. Louis Browns have pur-  
chased Pitcher James Park from the  
Lexington club of the Ohio State  
League. He is a graduate of the Uni-  
versity of Kentucky.SCOUT SERVICE IS  
DONE AWAY WITH.WASHINGTON CLUB DECIDES  
TO GET ALONG WITH  
OUT IT.The Washington club having de-  
cided to do away with its scout ser-  
vice, Mike Kahle, who has been Clark  
Griffin's chief ivory picker, has  
signed with the Boston National club  
in a similar capacity.O'FARRELL SIGNED  
BY BIG LEAGUES.CUBS HAVE TO GET SOME ONE  
TO DO THE DAILY  
CATCHING.The Cubs, hard put for catching ma-  
terial, signed a youngster named  
O'Farrell from the Independent Wau-  
kegan team.HAUSER JOINS  
CHICAGO FEDS.(BY A. P. MONT WIRE.)  
CHICAGO, Aug. 12.—An-  
nouncement was made here to-  
day of the signing by the Chi-  
cago Federals of Arnold Hauser,  
who for years was one of the  
greatest shortstops in the Na-  
tional League. Hauser disap-  
peared from the game three  
years ago, when he fractured an  
ankle bone. He was a member  
of the St. Louis national at  
that time. He is said to have  
recovered completely and will  
replace Jimmy Smith at short.SEALS WALLOP  
LUCKLESS BEES.TILLY CAVETT HAS THEM AT  
HIS MERCY FROM THE  
JUMP.(BY A. P. MONT WIRE.)  
OAKLAND (Cal.), Aug. 12.—San  
Francisco won the game with Salt  
Lake today, 6 to 2. It was the Seals'  
game all the way through, largely  
due to the twirling of Tilly Cavett,  
who pitched a four-hit game. Bodie  
was responsible for most of the runs.  
He drove in three and scored  
himself. Score:

MANN PUTS END  
TO NEWARK HOPES.(BY A. P. MONT WIRE.)  
NEWARK (N. J.), Aug. 12.—Leslie  
Mann's hitting kept Newark from tak-  
ing first place today. In the seventh  
his single tied the score and in the  
ninth he tripled and counted a  
squeeze play when Hanford, batting  
for Hauser, bunted safely. Hauser  
played his last game for the  
at shortstop, and seemed to have lost  
none of his old skill in the field. He  
walked once. Score:

|           | A | R | E | B | P | O | A | E |
|-----------|---|---|---|---|---|---|---|---|
| Newark    | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 |
| St. Louis | 3 | 0 | 0 | 0 | 0 | 0 | 0 | 0 |

TIPTOPS STEP ON  
PACKERS AGAIN.(BY A. P. MONT WIRE.)  
BROOKLYN, Aug. 12.—Brooklyn  
made it two out of three games from  
Kansas City by a 2-to-1 victory in a  
seven-inning pitcher's battle today.  
Brooklyn tied the score in the sixth in-  
ning, scoring two runs. The winning  
run was scored with two out in the  
seventh on a throw by Fred Smith to  
the left-field fence, and George An-  
derson's single. Score:

JACK BARRY IS  
OUT FOR BLOOD.CLAIMS RED SOX WILL WIN  
PENNANT RACE THIS  
SEASON.Jack Barry of the Red Sox is said  
to be pulling hard for the Braves to  
win the national pennant. Barry feels  
sure the Red Sox are going to cap-  
ture it and he wants to get into another  
world's series with the Braves for  
purpose of revenge.

## GOOD MOSAIC LAWS.

Fixed the Salary of Surgeons and  
if an Operation Failed the Right  
Arm Was Cut Off.[New York World.] Interesting  
features of the ancient Mosaic laws  
were detailed by Prof. Gaden M.  
Coburn of Allegheny College in a lec-  
ture at Philadelphia on "Moses and  
His Times." Recent discoveries by  
archaeologists, he declared, have con-  
firmed the Biblical account of Moses."One of the old Mosaic laws fixed  
the salary of a surgeon," said Prof.  
Coburn. "If he succeeded in an opera-  
tion he received a certain sum. If  
he failed, his right arm was cut off."  
Under the same law, he added, a  
contractor was put to death in case a  
building he had constructed fell and  
killed some one, or if a burglar was  
committed to a town when the Mayor  
and Council were held responsible for it."The doctors of that day were as  
wise as ours," he continued. "They  
used their prescriptions in an an-  
cient tongue that nobody else could  
understand. I've seen prescriptions  
for making the hyena roar. They were  
printed on papyrus, and the fact that  
it was a good one was proved by a  
note written beside it in another  
hand. 'It does the work, too.'"Great oaks from little acorns  
grow. It is likewise true that  
great fortunes often are made  
from little advertisements in  
The Times "liner" section.FOSTER SHUTS  
OUT BROWNS.His Doubles Win Game for  
the Red Sox.Three Runs Driven in by  
Classy Hurler.Second Shut-out Game of  
the Series.(BY A. P. MONT WIRE.)  
BOSTON, Aug. 12.—Foster shut out  
the Browns for the second time in the  
six-game series today, the Red Sox  
scoring four runs. He also was a fac-  
tor in the locals' offense, his two  
doubles figuring in three runs. Score:

NAPS EVEN UP  
WITH YANKEES.(BY A. P. MONT WIRE.)  
NEW YORK, Aug. 12.—Cleveland  
evened the series with New York to-  
day by winning the fourth game, 5  
to 4. Warhop was the victor. Don-  
ovan drove in the second, and in  
the last two innings struck out  
three men. Walker pitched well for  
Cleveland until the eighth, when he  
weakened. Harstad checked a Yankee  
rally by striking out Alexander. Score:

## THE SILK HAT'S PASSING.

Londoners Now Wear Military Caps  
or Ordinary Headgear as One Re-  
sult of the Great War.[Cleveland Plain Dealer.] One of  
the minor effects of the war—bleasing  
or penalty, according to one's point  
of view—is the disappearance of the  
high silk hat from the financial sec-  
tor of London, as reported by re-  
turning New Yorkers. Londoners en-  
gaged in finance now wear military  
caps in large numbers; other wear  
derbies or soft hats, but the "topper"  
of former days has retired along with  
social and the grandees are but small  
remnants of the old world. Formerly  
bankers and their clerks, men of  
all degrees of wealth and influence,  
wore the high silk hat so long as they  
maintained any business connection  
with the Wall street of the British  
capital. It was a badge of their al-  
liance. What the top piece lacked  
in comfort it was supposed to furnish  
in elegant distinction.And now all this has passed. Finan-  
cial men wear just ordinary hats.  
Perhaps it signifies, in a way, the sac-  
rifices the wealthy people of the in-  
dustrial nations are making in the  
interest of the countries' welfare.  
Somewhat after the manner in which  
the King cut off the palace wine list  
and rich lords and ladies reduced  
their six-course dinners to one, any-  
way, most people will be satisfied at  
the disappearance of the "topper,"  
except those who manufacture them.The first straw hat was a Roman  
candle. The first projectile  
propelled by an explosive was a rocket.  
The first shrapnel was a bomb dis-  
charging luminous stars instead of  
bullets.Modern warfare is, so to speak, a  
development of Fourth of July ideas.  
Haven't we been a pretty lot of  
people, putting such deadly things into  
the hands of our children?However, gunpowder—the first ex-  
plosive—was itself mere play stuff for  
at least 1600 years before anybody  
thought of using it for war purposes.  
It was commonly employed in China  
for fireworks and crackers during the  
earliest centuries of the Christian era.  
The bombs now being dropped by mil-  
itary aviators are children's torpedoes  
magnified to make them deadly.CLABBY TO  
BOX DARC.(BY A. P. MONT WIRE.)  
CHICAGO (Ill.), Aug. 12.—  
Jimmie Clabby of Hammond,  
Ind., a claimant of the middle-  
weight title, has come to terms  
with Les Darcy of Australia, and  
will leave next month for the  
island to begin training preparatory  
to the match, which will  
be staged some time in Novem-  
ber. The boxers have agreed  
to weigh in at 153 pounds.BEAVERS TAKE

WEALTHY PASADENA MAN TO BUY CINCINNATI REDS.

Garry Herrmann to Sell the National League Baseball Club to Warren N. Carter Today Unless Some Hitch Comes Up—Deal to Trans for Fifty-one Per Cent. of the Stock—Feds Turn Down Offer.

CHICAGO, Aug. 12.—Who is going to buy the Cincinnati Reds? Following Garry Herrmann's wall about "hard times in baseball" it was learned tonight from an authoritative source that the Red franchise will be put on the block tomorrow morning at the Blackstone, when Warren N. Carter, wealthy resident of Pasadena, Cal., will meet Charles S. Sullivan, representing the Red owners, and negotiate the sale.

That the Cincinnati club has been on the market for two months is a well-known fact in baseball circles, it was said tonight. One baseball man in close touch with the workings of O. B. and the Feds stated that a broker showing credentials which gave him power to sell 51 per cent. of the stock in the club called upon President Gilmore of the Federal League less than a month ago and offered him the stock. Gilmore called a meeting of the three league owners and put the proposition up to them. They turned it down.

Since that time pressure has been brought to bear upon the present owners in an effort to keep them from making further overtures to the Feds. Meanwhile the financial sharks of O. B. started hunting for an outsider to take over the club. Carter proved to be the find, and unless something happens tomorrow morning the deal will go over, for Carter has a ten-day option on the club, which has only a few more days to run.

THE JITNEY FEVER.

Will Have Its Run as a Competitor of the Railroads and Later Become an Auxiliary Instead of Destroyer. [Newark News:] Kansas City was one of the first of the larger cities of the United States to contract the jitney fever in virulent form, and is now suffering from the reaction. One of the largest jitney companies has gone into bankruptcy, and most of the others have raised their prices to 10 cents. It is admitted by the jitney men there they cannot pay expenses, provide for depreciation and renewal and make a profit at a 5-cent fare. This instance will be cited as confirmation of the claim made by trolley officials that the jitney is an ephemeral phenomenon which will disappear as speedily as it came into existence; that there are certain inexorable laws governing the matter of transportation that make the success of the jitney as a competitor of the trolley impossible. The truth seems to be that the real field of usefulness of the jitney, if it has such a field, has not yet been determined, and that it will require much experimentation to determine just what niche it shall occupy as a means of passenger transportation. The best guess seems to be that it will have its greatest success where it is made complementary to the trolley rather than in rivalry thereto.

The State Highway Commissioner of Pennsylvania has issued notice that no road races or hill-climbing contests will be allowed on State highways. The hill climb at Uniontown caused such damage to the road, it is said, that the commissioner asked the Attorney-General whether it was within his power to forbid such exhibitions in the future. The Attorney-General said it was.

HARRY CARR'S LATEST "CHECKERBOARD OF THE WAR"

A FEATURE OF THE "SUNDAY TIMES"

Harry Carr, the most brilliant writer on the strategy of the Great War, is now in Germany writing his famous "Checkerboard" articles for "The Times."

These Interesting Narratives Will Appear Only in The Times

Every Aspect of the War Will be Depicted in Mr. Carr's Inimitable Style

many secured several excellent photographs of the latest types of German aeroplanes. Although his safest plan would have been to destroy them, he persisted in trying to bring them down to England. He secreted the plates in the cushions of his motor car and started off on a quick dash to the frontier. He was stopped at frequent intervals by armed guards and his luggage searched, but the suspicious Uhlans did not think to examine the cushions of the car. Had they done so the Britisher would have been shot for a spy. The photographs were smuggled through safely to this country, and they caused a sensation when published in an aviation paper. Apart from their news value, the snapshots provided much valuable information for the military authorities.

A lucky war snapshot which best anything obtained by a professional photographer was that taken by an officer on Admiral Jellicoe's flagship, the Iron Duke. It portrayed the great sailor running up the steps leading to his bridge, while the North Sea rollers could be seen throwing their spray onto the decks. It was a human interest picture, which gave a far more interesting glimpse into the daily life of Jack Jellicoe than a more conventional portrait could have done, and the newspapers quickly snapped it up.

Apart from war pictures there are many interesting romances connected with the securing of unique photographs from various parts of the world. At the time of the Durbar a London newspaper spent money like water in order to be the first to publish pictures of the ceremony. Immediately the photographs were taken they were rushed across Europe by special train and motor car. A steamer fitted with an engraving plant awaited the arrival of the photographs on the vessel carrying its way to Dover newspaper blocks of the pictures were produced. Eighteen days after the photographs were taken in India they appeared in a London newspaper.

One well-known illustrated newspaper makes a point of financially assisting explorers on the understanding that it is given the sole right to produce the photographs obtained during the expedition. It was a London daily which in this manner was able to publish the snapshot showing the cairn in the Antarctic erected over the tent where the bodies of Captain Scott and his brave companions were found.

Who Wants an Opel? [Indianapolis News:] The war has so affected the trade in Australian opals that the residents of the White Cliffs (New South Wales) field have appealed to their government for assistance in finding new markets for smoky stones. They said that there is quite an amount of opals in the field for disposal at a reasonable price.

strength should be added to the pitching staff.

Per contra, he believes the Tiger pitching staff to be the greatest in the history of the league, but he thinks the Tigers are deficient in hitting.

"The Angels have a great ball team, considered as a whole, probably the best in the league. In fielding they are defensively great, while the attack is heavy, more severe than that of the average club, and the pitchers are good. However, to my way of thinking, it will not be an ideal ball club until the pitching strength is increased."

The foregoing remarks were delivered before Johnny Williams came through with his five-hit game.

"The south has another great ball team in the Tigers," continued Morley. "I regard their pitching staff as the best ever seen in the league. Also, it is a splendid fielding team. The infield alone can be improved by placing a man like Bill Rodgers at second and shifting Fursell to third base. Rodgers is secured the club will be strengthened both in teamwork and hitting. Follow this by the acquisition of a clean-up man, who can hit both kinds of pitching and be in every game and you would have a perfectly balanced club."

"To my way of thinking the Tigers have the best pitcher in the league in Ellis Johnson. He has shown more stuff than any pitcher seen on the Coast in recent years. His value to the club has been lessened by the fact that he has been out of the game most of the time."

VALUABLE WAR SNAPS.

Have Often Been Taken by Americans and Large Prizes are Being Offered by Several Journals.

[London 7th Hts:] The most interesting photographs published in the newspapers are often lucky snapshots taken by amateurs, and in proof of this several journals are now offering thousand-pound prizes for war pictures. Naval and military men are at present supplying a number of the best photographs of famous war incidents in the world's war, and the officer who secured a picture of the sinking Bluecher heeling over before its death drive, with the crew clinging like flies to its battered hull, must have netted a substantial sum. The latter no doubt rivalled the amount paid to the passenger on board the vessel which sank the French submarine, the Pluviose, a short time back, who secured a valuable snapshot of the submarine disappearing beneath the waves. It was published in a London newspaper.

A few weeks before the war broke out an Englishman traveling in Ger-

BY HOWARD ANGUS.

The opinion in the south seems to be that Fred Kelly was an awful fiver at the exposition in the A.A.U. track meets. Anything but such was the case, and it is not fair to Kelly for his friends to have that impression.

Fred Kelly ran as good as he ever did. He proved himself the kingpin hurdler of them all up there, as he has for four years. He finished first in the high hurdles two yards ahead of Murray and Simpson and three yards ahead of Kirkpatrick. Those are the fastest hurdlers in the country, perhaps in the world. But he knocked down four hurdles and was disqualified, because the A.A.U. rules say that only two can fall.

He did not plow through these hurdles. He was shaving them too close. His hurdle form is the most perfect in the world. He skins the hurdles the closest of any hurdler who ever lived. That's part of his wonderful art. This time, due to the awful strain and speed that race required, he came too close, nipping the four hurdles with the edge of his thigh. There was a terrible wind blowing against the hurdles, anyway, and the slightest touch knocked them over. All of the hurdlers knocked down sticks but Kirkpatrick, Bob Simpson, who has been knocking down hurdles this year, toppled over two. Murray brought down two. That's part of the game and where luck comes in.

Bob Simpson gives it as his opinion that both Kelly and he were trying too hard and wanted to win too bad. He figures that their anxiety was responsible for the toppling hurdles.

Last night Simpson went through the pictures in The Times office, Kelly hurdling to get pointers on how he went up, cleared them and came down. That shows what the great Missouri hurdler thinks of Kelly.

In the low hurdles Kelly ran the greatest race of his life. Murray and he went over the last hurdle together, hit the ground together and when they crossed the tape only the eye of an official could tell who won. There

RAY CHAPMAN IS SIGNED UP.

FLAW DISCOVERED IN HIS CONTRACT IS QUICKLY PATCHED UP.

When Fred Falkenberg came nosing around Cleveland as a Federal agent, President Sommers looked over his contracts to see if everybody was safe, and found a flaw in the papers of Ray Chapman. He called Chapman in, fixed up a new contract running till the close of the 1916 season, made it iron-clad, and had Chappy sign.

Fatima sales are jumping.

—because every man wants a SENSIBLE cigarette.

There are other sensible cigarettes besides Fatima—but there are none that also hit the note of so many thousands of smokers as Fatima do.

Your taste may be different. But if you happen to like Fatima as well as most men do, you can keep right on smoking without any worry about your tongue or throat and without "feeling mean" afterwards. Fatima are sensible.

Try Fatima today and you'll probably understand why they're selling so fast.

MARKET. GRAIN. SHIPPING. MORE GOLD COMING TO UNITED STATES. ITALY TO BUY AMERICAN WHEAT. LETTERS TO "THE TIMES."

country in Europe, it will leave the United States the only potentially great power to be dealt with. Will it not be a national disaster to have an inevitable, motive of German policy to so cripple and humiliate America as to establish for herself a status of inferiority from American enterprise?

In estimating what the terms might be, in such a situation, one must get his mind adjusted to big figures. France in 1911, with approximately \$2,000,000,000, impoverished by a losing war, was called on to pay \$100,000,000, ten times that sum would not be a more grievous demand upon the United States. This might not be all. She might be required to dismantle every factory that had made a contribution to the ways and means of the allies. She might be told to hold her army to a skeleton. Her naval equipment might be surrendered her exclusive authority over the Panama Canal. All these things and more might be exacted as a guarantee of future incapacity to enforce reprisals. What is equally to the point, there would be no power to enforce any and all demands.

The picture, of course, is an imaginary one. But it is altogether a matter of imagination. In the situation as above suggested, one very likely to come about in the shape of reality? In plain words, has not America, in view of the open ways and means of her people in respect of her contributions to the resources of the allies, and in the fact that America is a nation of the future, not in a position where all this is very likely to happen in case Germany should win?

A rich nation is also in danger when she has given offense in word or deed to a flushed and powerful victor. Such a nation is especially in danger if she remains the one factor potentially capable of challenging a supremacy which the victor feels to be his right. The Gospel of the nation in danger when she possesses a nation's abundance that which the victorious nation sorely needs and when she has within herself no practical and prepared means of defense.

Sunday observance cannot be supported by a single Bible text," continued Pastor Farnsworth. "Its observance rests wholly upon tradition and custom. Saturday, not Sunday, is the Sabbath for the Christian, which God twice chided in the garden with his own hand, he definitely commands the observance of the seventh day of the week."

Sunday laws, if enacted, will open the floodgates to overwhelming religious despotism, and thereby the foundations of the American government will be undermined according to Pastor G. A. Snyder, who made this statement while giving a stereoscopic lecture at the camp ground.

Old China and its customs were described in a stereoscopic lecture last night by F. E. Stafford, on thorough knowledge of "China and Old China" in the subject of Pastor E. W. Farnsworth at 7:30 tonight. The Gospel of the Kingdom to all the World is the subject of Pastor E. W. Farnsworth at 7:30 tomorrow night. At 8 p.m. tomorrow a memorial service for Mrs. M. E. G. White will be held in the big tent.
